TORNADOES SWEEP WIDE AREA

RELIGIOUS REBELS BATTLING FEDERALS

BLOODY FIGHTING IS REPORTED FROM TOWN IN JALISCO

SMALLER FORCE OF RELIGIONISTS INFLECT REVERSES ON FEDERALS

MEXICO CITY, April 25. (AP)—"Bloody" fighting between 1,000 so-called religious rebels and the federal army of General Saturno Cedillo at Tepetitlan, Jalisco, was believed still in progress today after three days conflict.

Shouting their battle cry, "Vive Cristo Rey"—"Long live Christ King"—the beleaguered rebel force was said not only to have repulsed federal attacks with hand to hand fighting but to have inflicted reverses on the government troops.

General Cedillo, charged by General Calles with "extermination" of the "Cristeros"—as the government terms the rebels—was quoted as expressing confidence in his superior numbers and better equipment would prevail in the end and that he would invest the town. He had 5,000 soldiers at his command.

News of the encounter came almost simultaneously with advice of a peace offer on his part, declaring a twenty-day truce in the region affected by the so-called religious rebellion during which safe conduct to home was guaranteed those who surrendered and relentless persecution promised the more tenacious.

Rebel Leader Competent.
General Enrique Gorostiza, graduate of Chapultepec military academy, Mexico's West Point, and former high officer in the army of President Victoriano Huerta, was at the head of the rebels.

La Prensa dispatches described the battle as "bloody" and the fighting as most bitter. So heated had been the conflict at times that federal forces were forced to withdraw to some distance from the town to reorganize their forces.

Fighting was believed already in progress in Sonora, where cavalry and infantry columns of three federal general Lazaro Cardenas, Talamantes, and Jaime Carrillo were

YOUNG MOTHER OF TWO CHILDREN HELD FOR INVESTIGATION

ALLEGED FATHER YOUNGEST CHILD FOUND SLAIN IN BURNED HOME

SOUTH PARIS, Me., April 25.—(AP)—A young mother of two children was held here today while police investigated the mysterious death of Elihu Turner, 75-year-old, well-to-do Hartford farmer and alleged father of the woman's youngest child. Turner's charred and headless body was found in the ruins of his fire-swept home.

Mrs. Anna Merrill Welch, 26, of Lisbon Falls, Turner's former housekeeper, was taken into custody by Deputy Sheriff George J. Record, of Bucksfield, who found Turner's body.

With Mrs. Welch in the Oxford county jail were her two daughters, one five years old and the second five months.

The woman told police she had stayed at the Turner home overnight and had retired about ten p. m., fully dressed, leaving Turner asleep in the sitting room. An hour later she awoke to find the place in flames. She attempted to find Turner after guiding the children to safety but was unable to do so. Turner was a widower.

Believed Woman Slain; Husband Also Missing

DRESDEN, Ont., April 25.—(AP)—Police today investigated the disappearance of Mr. and Mrs. Robert McCorkle of Detroit in belief the woman was the victim of an ax slaying.

The McCorkles arrived last Saturday on a visit to the home of her father, Joseph Snell, with his family was away for the week-end. Upon the return Monday of Dorothy Snell, another daughter, the house was found in disorder with blood-stained women's clothing scattered about. Miss Snell identified the clothing as belonging to Mrs. McCorkle.

Police at Detroit have been asked to locate McCorkle. He is 34 years old and in the wife 21.

Debt Parley Victim

In addition to the general gloom overhanging the tangle of German war debt reparations negotiations, the sudden death of Lord Revelstoke, financial giant of Great Britain, caused a temporary adjournment. It is thought that he broke down under the great strain of the tense situation.

CHICAGO DENTIST IS GUNMAN VICTIM WEDNESDAY NIGHT

DR. FRANK BRADY HAD BEEN CONNECTED WITH ACTIVITY OF NOTED CRIMINAL

CHICAGO, April 25.—(AP)—Dr. Frank L. Brady, dentist, had two callers last night who weren't on his appointment book. One of them shot him dead.

Dr. Brady, 32 years old, had extracted a tooth for a woman when two men pushed open the door. One carried a revolver, and cried: "We've got you now."

The dentist cried "Don't!" and reached out to grab the gun muzzle. The gunman fired, and Dr. Brady fell. The two men ran out of the building.

With the killing of Dr. Brady several sinister circumstances came to light. It was revealed that the dentist was the son of Mrs. Anna Beauchamp who killed herself during the murder trial of Herman J. (Midget) Farnes; and that Dr. Brady himself had been under investigation for a long time in connection with the search for large sums the Midget stole.

Farnes, one of the deadliest figures in Chicago criminal history, is serving a life sentence in prison. During the trial the offices of Dr. Brady were raided, but early efforts to prosecute him as a Farnes aide were abandoned.

PUBLISHERS FAIL TAKE STAND UPON ALLEGED MENACE

NEW YORK, April 25.—(AP)—After a long discussion during which some delegates declared the matter was one for the federal government to investigate, the American Newspaper Publishers' association in convention today tabled without a vote a resolution opposing purchase by the International Paper company of stock in newspapers.

Newest Cruiser Of Uncle Sam Is Now In Water

NEW YORK, April 25.—(AP)—Uncle Sam's newest cruiser, the USS Pensacola, was launched at the Brooklyn Navy Yard today.

As the war craft glided gracefully down the ways, Mrs. Josephine Knowles Sligman of Roslyn, Long Island, broke a bottle of spring water over her bow, exclaiming: "I christen thee Pensacola."

The Pensacola, 10,000 tons, is the largest ship to be launched at the navy yard since the war. Her ultimate cost will be \$11,000,000.

FURTHER RISE IN MISSISSIPPI NEAR AS MANY HOMELESS

HOMES OF FOUR THOUSAND PEOPLE AT MERCY ANGRY WATERS THURSDAY

QUINCY, Ill., April 25. (AP)—Dread of new floods along the Mississippi bottoms was sharpened today by a government forecast of a rapid rise of the Mississippi waters from Quincy to Louisiana, Mo., during the next 36 hours. B. L. Waldron, chief of the weather bureau at Hannibal, Mo., predicted the Mississippi would reach a stage of 22 to 24 feet at Quincy.

Rain poured last night into the rivers to the north in Iowa, Illinois and the Missouri after heavy showers the day before had caused a six-inch rise at Keokuk, and the government observer here said the river would unquestionably rise again.

A sensation was caused in the flood district last night with the report that danger faced the Sni drainage district, just below the now-flooded South Quincy tract. The Sni area, heretofore believed entirely safe, comprises 110,000 acres and is said to be the largest drainage district in the world.

Flood observers said that another rise like the one last week-end would push down the Sni dikes and bring damage that might reach \$3,000,000.

Hard Work Saves Lives.
Only the heroic efforts of a skilled engineer and construction crew which had been working on improvements have saved the 14,000-acre Lima Lake district this long, residents there stated, and the continuing safety of the Quincy district, below Warsaw, Ill., on the Missouri side, is attributed to more good work.

Already a million dollars damage has been done in the neighboring many months passed as a "man about town" under the name "Colonel Barker" was sentenced to nine months imprisonment at Old Bailey today on a charge of perjury in causing a false statement to be entered on the register of her marriage with another woman.

The woman had pleaded guilty to this charge, but not guilty to a second charge of perjury in falsely representing herself as a retired colonel in the register of her marriage with another woman.

In sentencing the woman masquerader, the recorder described her as "an unprincipled, mendacious and unscrupulous adventuress." She had in this case, he said, "profaned the house of God, outraged the decencies of nature, and broken the law of man."

WOMAN PLAYING ROLE OF MAN IS SENT TO PRISON

LONDON, April 25.—(AP)—Mrs. Irma Valerie Arkell-Smith, London's woman masquerader who for many months passed as a "man about town" under the name "Colonel Barker" was sentenced to nine months imprisonment at Old Bailey today on a charge of perjury in causing a false statement to be entered on the register of her marriage with another woman.

The woman had pleaded guilty to this charge, but not guilty to a second charge of perjury in falsely representing herself as a retired colonel in the register of her marriage with another woman.

Auditor's Bill Is Thought Excessive; Robinson Staying

AUSTIN, April 25.—(AP)—Although the bill of \$4,927 submitted by Ernst and Ernst for an audit of the general land office in connection with the investigation of that department is considered excessive, there is nothing that can be done about it, Representative Fred Minner of Denton, said today. He said he had believed the bill would not be in excess of \$1,000.

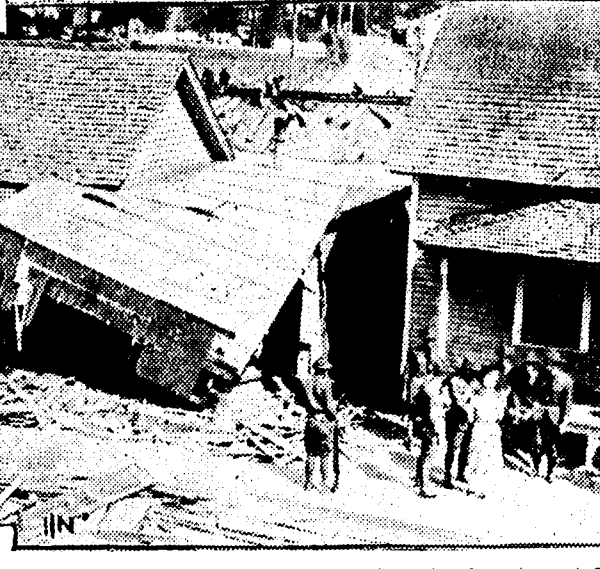

Commissioner J. T. Robinson of the general land office said he had intention of resigning in reply to Representative A. P. C. Petch of Fredericksburg, who stated that if he were Robinson he would vacate the office.

FIRE IN LUFKIN.

LUFKIN, April 25.—(AP)—A cafe, rooming house and recreation club were destroyed yesterday when the Treadwell state business block burned. The loss to the building was set at \$10,000 and to contents at \$5,000.

PIPE LINER IS CRUSHED.
LOCKHART, April 25.—(AP)—Walter Robertson, 32, member of a pipe line crew laying 10-inch pipe through Caldwell county was crushed near here today by a heavy section of pipe. He was taken to a sanitarium and was not expected to live.

Mystery Blast Wrecks Strike Offices

This photo shows the wreck of the strike headquarters at Gastonia, N. C., after masked raiders wrecked it with explosives. The National Textile Workers' Union had been directing the strike at the Lora Mills. No clew has been found to identify the perpetrators.

TESTIMONY CLOSED IN TRIAL LOS ANGELES JUDGE BEFORE SENATE IMPEACHMENT COURT

SACRAMENTO, Cal., April 25.—(AP)—Taking of testimony in the trial of Superior Judge Carlos S. Hardy was brought to a close here last night in a session which embraced the appearance on the witness stand of Aimee Temple Moore, whose \$2,500 "love gift" to the jurist led to his impeachment. Mrs. McPherson's answers to prosecution counsel's questions frequently were "I do not remember."

However, she had testified before a legislative committee that Judge Hardy had told her during the time her kidnapping story was under fire in 1926 that he would see Wallace Moore, Santa Barbara newspaperman, who tentatively identified Mrs. McPherson as the companion of Kenneth G. Ormiston, her radio operator while in the hands of kidnapers in the vicinity of Santa Barbara. This was during the time the evangelist was missing. Later she alleged she had been in the hands of kidnapers in Mexico.

In the impeachment trial Moore testified Judge Hardy warned him (Moore) would be subject to prosecution or suit for libel if he falsely identified anyone. One of the impeachment charges alleges Judge Hardy attempted to intimidate potential witnesses against Mrs. McPherson while she was facing a conspiracy accusation as the result of the kidnapping story. The Hardy prosecution also contends the jurist had reliable information the kidnapping story was untrue and he was unduly active in his efforts to clear the evangelist.

FRENCH CRITICISE LACK OF FORESIGHT OF GERMAN BANK HEAD; CHARGES ARE MADE

BERLIN, April 25.—(AP)—The Reichsbank today raised its discount rate from 6.5 to 7.5 percent. The action, delayed as long as possible in order not to hamper German industry, was believed by some to have been taken by the directors of the bank at the request of the Reich government committee which met yesterday in Paris.

It was considered as possible relieving a situation brought on by heavy gold and currency exports and continued heavy domestic demands on the bank which had depleted its gold reserve.

The rate of interest on advances was raised from 7.5 to 8.5 percent.

PARIS, April 25.—(AP)—Severe French criticism of Dr. Hjalmar Schacht, president of the Reichsbank, for his failure to take steps to prevent depletion of the bank's gold reserve led today, it was learned in responsible financial circles, to a raise of from 6 1/2 to 7 1/2 percent in its discount rate.

The French newspapers, voicing views of responsible financiers, insinuated and openly charged he was seeking to make the German economic situation appear unstable as justification for his plea for lower reparations.

This, it was said, he was able to do by refraining so long from a raise in the discount rate which would have tended to check withdrawal of gold and foreign currency from the bank. This withdrawal recently had taken such proportions as even to threaten the stability of the mark, and under the transfer clause—make possible postponement of the Dawes plan reparations annuities.

It was understood Dr. Schacht would go to Berlin next week to attend a board meeting of the Reichsbank.

There were suggestions here after the meeting of the reparations transfer committee yesterday that S. Parker Gilbert, agent general for reparations, would ask the Reichsbank to raise its rate to check the drain of its gold reserve, said to have reached within \$25,000,000 of its legal minimum. This depletion threatened to bring into operation the Dawes plan transfer clause which could postpone indefinitely a part or all of the reparations annuities.

Gilbert Denies Any Part.
PARIS, April 25.—(AP)—S. Parker Gilbert, agent general for reparations, today denied that either he or the Dawes plan transfer com-

PIONEER MINISTER OF NAVARRO COUNTY BURIED THURSDAY

FUNERAL SERVICES HELD FOR REV. J. W. HORNBEAK, WHO DIED TUESDAY

Funeral services for Rev. J. W. Hornbeak, retired Cumberland Presbyterian minister, aged 77 years, native Texan and first white child born in Bosque county, who died Tuesday night at 8 o'clock, were held from the Cumberland Presbyterian church Thursday afternoon at 3 o'clock with burial in Oakwood cemetery. He had been a resident of Corsicana for many years. The funeral services were conducted by Rev. Brown, Cumberland Presbyterian minister of Dawson.

Among the Cumberland Presbyterian church pastors here by Rev. Hornbeak were Rockwell, Kaufman, Terrell, Weatherford, Greenville, Rice, Kerens, Goshen and Edens. When his health failed, he retired from the ministry and was Navarro county demonstration agent for seven years. He was farm manager of Arceady Farms for several years. He was born at Valley Mills, Bosque county, Sept. 8, 1851. He entered the ministry in 1873.

Surviving are his wife, three daughters, Mrs. E. Delahay, Corsicana; Miss Lois Hornbeak, Corsicana; Mrs. J. M. Rector, San Antonio; two sons, Sterling Hornbeak, Corsicana; Sam Hornbeak, Dallas; twelve grandchildren, one great-grandchild; two brothers, Rev. J. A. Hornbeak, Hereford; Dr. S. L. Hornbeak, Trinity University, Waxahatchie, and other relatives.

Active pallbearers were F. A. Wildmer, J. M. Kerr, H. C. Nash, W. H. Decker, W. A. Hammett and Harry Thames, all members of the session of the Cumberland Presbyterian church.

Honorary pallbearers were F. N. Drane, T. P. Kerr, S. M. Kerr, Cal E. Kerr, Frank S. Kerr, J. H. Galbraith, H. E. Bowmer, Hubbard; Rev. J. W. Pearson, Tehuacana; Rev. Ben Byrre, Hubbard; B. L. Finch, Dr. T. S. She, Dr. L. E. Kelton, Dr. T. A. Miller, R. H. Daniels, Kerens; Barton Sigler, Athens; Rev. J. D. Miller, Dallas; J. A. Jarrell, C. L. Knox, Rufus N. Elliott, John T. Fortson, Joe B. Fortson, George W. Boyd, and other friends.

ITALY AND FRANCE IN FIRST SKIRMISH ON MILITARY PARITY

GENEVA, April 25.—(AP)—The preparatory commission on disarmament today heard the first skirmish in the controversy over military parity between Italy and France.

General Alberto De Marinis, representative of Benito Mussolini, and Count Massigli, French delegate, argued the case for division of air fleets into home and overseas forces.

General Marinis urged a sharp division of airplanes at home and overseas so as to know exactly how many airplanes any country might have at its disposal at home and in time of crisis.

He insisted upon fixing the distance within which aircraft would be regarded as belonging to home forces and that he did not mention Northern Africa the delegates got the impression he wanted French airplane stations in Morocco and other Mediterranean colonies considered as home units.

Count Massigli objected to any fixation of the criterion of distance and insisted this belonged to the domain of a possible later international conference on disarmament.

Unidentified Man Is Found in Oklahoma

MIAMI, Okla., April 25.—(AP)—An investigation into the death of an unidentified man, whose body was found yesterday in an abandoned barn two miles northeast of Afton, was launched today by Perry Porter, county attorney.

The body, partially decomposed and skull crushed severely, was discovered by J. H. Bassett, a farmer.

An address found in the man's cap read "Robert Burrows, 110 South Main street, Tulsa." Another address found in his clothing read "R. C. Burrows, C. B. and Q. Kansas City, Mo." A card carried the name of "Rose Levine" believed to live in Kansas City.

Medical authorities estimated death had occurred at least two weeks ago.

Long-Time Navarro County Resident Dies

Presbyterian minister and Navarro county farmer for more than half a century, the Rev. Mr. Hornbeak was known, respected and loved by probably more people than any other man in this county. As a pioneer preacher in this county and district, he was known far and wide as a man of deep religious convictions and he adhered to these convictions in dealing with his fellowmen.

AMERICAN WAR ACE WILL BE GUEST OF HONOR IN CORSICANA

CAPT. W. T. PONDER TO BE PRESENT AIRPORT OPENING SATURDAY-SUNDAY

Captain W. T. Ponder, American war ace, of Fort Worth will be one of the honor guests at the opening of the Corsicana municipal airport Saturday and Sunday. The flyer is now preparing for an attempt to break the endurance record set by the "Question Mark" army ship, a few months ago.

Capt. Ponder will be the special guest of W. C. Stroube during the celebration. He is now the distributor of Ryan and Spartan planes for North Texas and Oklahoma. His Ryan monoplane is now being groomed at Meacham Field, Fort Worth, for an attempt to break the army endurance mark and expects to make the trial within the next ten days.

Reg. Robbins and a mechanic will take turns at the controls during the attempt, while Captain Ponder will pilot the refueling ship. He will bring two planes to Corsicana with him, one of them probably the refueling ship.

Chairman Stroube announced that the same privilege and entertainment offered the visiting flyers would be tendered the press representatives from nearby cities expected down for the event. He also announced that a special photographer would be on the ground making pictures of the opening events.

Big Plane Comes Early

Skipper of British Freighter Is Missing

GAINESVILLE, Texas, April 25.—(AP)—Captain Harry G. A. Timmis, 70, of the British freighter "British Justice," has been missing from his ship since Wednesday morning, according to a cablegram from the captain's wife to his brothers, R. J. and Walter Timmis, Gainesville cotton merchants.

The message gave no other details. The captain has been sailing for more than 50 years.

POSTPONEMENT IS AGREED

LONGVIEW, April 25.—(AP)—A hearing on the removal of the division point from Longview to Mineola by the Texas and Pacific railroad company, scheduled to be held here today, was postponed indefinitely by agreement, according to word received here today from Clarence E. Gilmore of the railroad commission.

RANGER PIONEER DEAD.

RANGER, April 25.—(AP)—E. Y. Jennings, 78, wealthy land owner and early day West Texan, died here yesterday. He lived here for fifty-four years, and is survived by twelve children.

NAME BOULDER ENGINEER.

WASHINGTON, April 25.—(AP)—Secretary Wilbur today appointed Louis C. Hill of Colorado, Andrew J. Wiley of Idaho, and Wm. F. Durand of California, as consulting engineers for the building of the Boulder Canyon dam.

SEVEN KILLED AND SCORE INJURED IN PALESTINE STORM

THREE TOWNS DESTROYED; DAMAGES ESTIMATED AT QUARTER MILLION

(By The Associated Press.)
Tornadoes and blizzards had torn their way across Texas, Nebraska and Wyoming today, leaving death and desolation in their wake, and several Rocky Mountain states had experienced snow and rain storms that demoralized traffic on the ground and halted it entirely in the air.

Three East Texas farming hamlets were wrecked by two tornadoes, the most severe of which shook the little town of Slocum to pieces and killed seven persons before continuing along its three mile wide path to near Benson Springs. The James community was struck by the second twister, and though one woman was injured and 75 persons made homeless, no one was killed.

The tornadoes struck in Eastern Nebraska as a blizzard was raging across the western part of the state. Cloudbursts occurred in some sections and at least two towns suffered from floods.

In Wyoming loss of life was feared from the worst blizzard in the history of the state. Communication system were wrecked and transportation brought to a halt. Automobiles could not be driven even in the streets of Cheyenne.

The blizzard centered in Wyoming but was felt with less severity throughout the Rocky Mountain states. Streams in several parts of Colorado were nearing flood stage and the Yampa river reported carrying away its bridges.

Elkhart and Palestine Red Cross workers were well organized and gave every possible aid to the Slocum community sufferers. Truck loads of clothing, food and other necessities were hauled to the storm (Continued on Page 14)

GOVERNOR LONG'S PARTY MANNERS IS SUBJECT OF PROBE

LOUISIANA EXECUTIVE IS CHARGED WITH EXCESSIVE GAYETY AT STUDIO PARTY

BATON ROUGE, La., April 25.—(AP)—Gov. Huey P. Long, played up in the evidence as "frisky with a woman on a settee" at a studio party in New Orleans, had today a final rebuke of the Standard Oil Company and the senate was ready to make arrangements to try him on impeachment charges of general misconduct.

With severe charges of impeachment voted against him, an alleged bribery and intimidation and five misapplication of state funds—the house took a spirited plunge into a hula hula entertainment for the governor, given by A. D. Danziger, president of the New Orleans Association of Commerce, during last Mardi Gras.

Testimony given by witnesses of the party in Mr. Danziger's studio-theatre, confined only in minor details. A good time was had by all. Drinks were served and the hula dancer who performed barefooted sat in the governor's lap with the official arm around her neck.

The evidence as admitted under the court charging Long with gross misconduct in public places.

Plenty of Drinks.
Mr. Danziger preceded Helen Clifford, hula entertainer, on the stand. There was no attempt to shield drinking. His party he said, was attended by only the first people.

As to how many drinks the governor took, Danziger testified, "or whether he drained the glass I saw him with, I cannot say. He had the glass in his hand most of the time he was there."

The witness was not positive whether the governor sang at the gay party, but he saw him take "a few steps like a jig. He was just keeping his feet off but pulled her back and she sat on his lap with 'this arm around my neck.'"

Helen, however, said the governor "choked her off but pulled her back and she sat on his lap with 'this arm around my neck.'"

"Everybody was drinking," she said, and the governor "had plenty." Miss Clifford remarked the governor danced under the rim of a cocktail glass but that he spent most of his time on a settee with a (Continued on Page 14)

A Lift for Life in Troubled Time Given By Old Isaiah

Ancient Literature's Mountain Peak Shines With Singular Significance In Present Day — The Prophet's Portrait of the Savior.

By WILLIAM T. ELLIS

A LIFT FOR LIFE.
High on the horizon of lower Mesopotamia rises the ruined zig-zag of ancient Ur of the Chaldees. It is the first sight to greet the eye of the traveler as he approaches the city from the flat alluvial plain, even as it was the last sight which departing Abraham looked upon, as he journeyed away from Ur, four thousand years ago. Climbing its towers, I felt as if that sentinel tower of worship, that man-made mountain, bridged all the history of the world.

In like fashion, as today I climb another lofty peak, at the time of the year, it seems as if the fifty-third chapter of the prophecy of Isaiah reared five hundred years before the birth of Christ, is the very apex of human thought, point of spiritual vision, the topmost point reached by all the writers of antiquity. In this masterpiece of literature and of religion, Isaiah rose to nobler heights. This is the peak of prophecy, the pinnacle of content and vision, in sheer beauty of form, this greatest passage from the greatest of the Hebrew prophets, is simply matchless.

Let this passage be read, text exaggerated, let the reader see itself, more significant than any comment. The quotation is from the American Revised version: "Who hath believed our message? and to whom hath the arm of the Lord been revealed? For he grew up before him as a tender plant, and as a root out of a dry ground; he hath no form nor comeliness; and when we see him, there is no beauty that we should desire him. He was despised, and rejected of men; a man of sorrows, and acquainted with grief; and as one from whom men hide their faces; he was despised, and we esteemed him not."

Surely he hath borne our griefs, and carried our sorrows; yet we did esteem him stricken, smitten of God, and afflicted. But he was wounded for our iniquities; he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed. All we like sheep have gone astray; we have turned every one to his own way; and Jehovah hath laid on him the iniquity of us all.

"He was oppressed, yet when he was afflicted he opened not his mouth; as a lamb that is led to the slaughter, and as a sheep that before its shearers is dumb, so he opened not his mouth. By oppression and judgment he was taken away; and as for his generation, who among them considered that he was cut off out of the land of the living for the transgression of my people to whom the stroke was due? And they made his grave with the wicked, and with a rich man in his death; although he had done no violence; neither was any deceit in his mouth."

"Yet it pleased Jehovah to bruise him; he hath put him to grief; when thou shalt make his soul to see, he shall offer himself for sin, he shall see his seed, he shall prolong his days, and the pleasure of Jehovah shall prosper in his hand. He shall see of the travail of his soul, and shall be satisfied; by the knowledge of himself shall my righteous servant justify many; and he shall bear their iniquities. Therefore will I divide him a portion with the great, and he shall divide the spoil with the strong; because he poured out his soul unto death, and was numbered with the transgressors; yet he bare the sin of many, and made intercession for the transgressors."

The portrait of the Suffering Servant is next to the Twenty-third Psalm, the most-thumbed passage in the Old Testament. Two reasons there are for this: the clearest and most faithful portrayal of Jesus Christ, the Saviour, to be found in all prophecy. Isaiah's description of the Suffering Servant fits only one character, Jesus the Christ. Until read in the light of His life and death the passage was hardly understandable. Second of the reasons for the hold of this portion of Isaiah's prophecy upon human hearts is that it deals with the mystery of grief. In the fellowship of sorrow, all men know their common identity. By the light of these words we perceive how vain was the common expectation of the Messiah as a prince of peace and pomp and power. Such a one might command cold allegiance; but the Man of Sorrows evokes our love and fellowship. Every heart is most easily approached through the avenue of its suffering; and here we find the Saviour bearing our griefs and carrying our sorrows.

There is a heart-sob in almost every line of the pathetic passage "despised," "rejected," "man of sorrows," "acquainted with grief," "wounded," "bruised," "stripes," "oppressed," "afflicted," and so forth. By a wondrous witchery of words the heart-strings of the reader are wrung. Unaccounted tears have fallen from this chapter from the eyes of the readers. "Every heart knoweth its own bitterness," but here is One who knows the bitterness of all.

So it is this inspired delineation of the Suffering Saviour that is the summit of Old Testament literature. Always and everywhere, men want a friend who understands them; who will bear their griefs and carry their sorrows. To One who pours out His soul unto death for them they will give loving loyalty and discipleship. It is broken hearts that Christ breaks. "By His knowledge of Himself shall my righteous servant make many righteous," as the marginal reading runs.

Above "Personal Liberty." Twenty-five hundred years before our modern literature of smug smartness and sophistication began to pour from the presses, great Isaiah sounded the sublime strain of vicarious suffering, who makes our petty posings about personality and "self-expression" seem small and unworthy. He glimpsed the divine truth that all life reaches its greatest height when we serve and sacrifice in behalf of others. Out of the phenomena of parenthood, of nature, of heroism, of friendship, of the very Divine Nature itself, he plucked this teaching of the greatness of the Sufferer who bears sins and sorrows not His own that He may serve supremely.

That is the eternal Cross-principle of life. No human soul ever attains spiritual greatness without vicariousness. The truest patriot is he who bears on his heart the needs of his nation. The only effective social reformer is the one whose

SELECTION OF TAMMANY'S NEW CHIEFTAIN PUT SMITH OUT OF CONTROL IN BODY

NEW YORK, April 24.—(AP)—Selection of John F. Curry, opponent of Alfred E. Smith, as head of Tammany Hall was interpreted by newspapers today as marking the passing of the influence of the former governor.

The election of Curry, a district leader, to succeed George W. O'Connell, resigned, also was described as a victory for Mayor James J. Walker, which has established him as the dominating influence in Tammany with his renomination assured.

The New York Times said: "Curry's election is believed to mark the passing of the influence of former Governor Smith and the abandoning of thought of further excursions into national politics, the last of which ended in the defeat of M. Smith for president last fall."

"At least for the moment," Al Smith has been repudiated by the organization whose reputation he and Sylvia Gillford, burglar.

HARD RAIN FALLS OVER COUNTY WITH CONSIDERABLE WIND

Rain to the amount of 1.45 inches fell in Corsicana within a short time Wednesday morning and reports from all sections of the county indicate that it was general. The rain was accompanied by considerable wind and some hail here and in other portions of the county.

The hardest wind was reported near Frost in the western part of the county where a negro house and several outbuildings were blown down. No one was injured and no other damage was reported except to rural telephone lines over the county.

Dawson reported the heaviest hail, but there was no damage done in that section.

The hail was not heavy enough to damage growing crops in any part of the county.

Streets in both residence and business sections of Corsicana were flooded and automobiles had difficulty in crossing some of the low sections of the streets. Pedestrians were forced to take shelter in stores and wait until the water had run off before proceeding on their way.

Numbers of automobiles were stalled and drowned out. Numerous calls were sent to garages for help in getting them started again.

A few limbs were blown off of trees in the city but no material damage was done, either by the wind or hail.

No reports have been received of damage by lightning.

J. WADDY TATE, APOSTLE OF PLAIN PEOPLE, IS MAYOR

DALLAS, April 24.—(AP)—J. Waddy Tate, apostle of the "plain people," will take office as mayor of Dallas May 1, succeeding R. E. Burt, who did not offer for re-election. Complete returns from yesterday's municipal election gave the

"hot dog" candidate a total of 12,089 votes, to 8557 for Temple Houston Morrow, supported by the United Dallas association.

Tate's third and successful campaign for the mayorality was featured by his ingenious "hot dog" rallies, at which thousands of buns and bolognas were supplied his listeners. Although he conducted a light-hearted campaign, Tate is serious in his attitude toward the office.

The new mayor is a retired railroad man, reputed to be wealthy. 107 South Beaton St. Phone 181.

HOOVER PROGRAM FOR FARM RELIEF IS UNDER ATTACK

REPUBLICANS TAKING LEAD IN OPPOSITION TO PRESI- DENT'S PLAN

WASHINGTON, April 25.—(AP)—The Hoover farm relief program again was placed under attack in the senate today as the house slowly worked its way toward a final vote on the farm measure under consideration there.

Backing up a three hour speech yesterday by Senator Brookhart, republican, Iowa, against the Hoover plan, Senator Frazier, republican, North Dakota, said today the chief executive had failed to suggest anything that would bring to the farmers the relief needed.

Like Mr. Brookhart, he declared, "I too campaigned for Mr. Hoover last fall, but not so enthusiastically, I will confess."

"I was great in hopes that Mr. Hoover meant what he said in his campaign speeches, but judging from what he has done since he has been forced to the doubtful conclusion that Mr. Hoover didn't mean what he said then regarding agriculture."

"I was not so strong for Mr. Hoover but I regarded him as the least of two evils."

Frazier, who as a member of the senate agriculture committee voted for the debenture plan, after the president had opposed it, said the plan would help "to solve the present emergency."

Democrats Fail to Take Definite Stand

WASHINGTON, April 25.—(AP)—A decision not to attempt to bind all democrats in the senate to the export debenture plan as a part of farm relief legislation was reached today as a democratic caucus attended by 31 of the 39 members of the party in the senate.

An attempt, has been made in some quarters to have the minority in the senate and house agree upon a plan of action so that a united front could be presented during the consideration of the farm bill.

The conference also decided it would not be practicable to attempt inclusion of the equalization fee in the farm bill.

After the conference Senator Robinson, of Arkansas, the democratic leader, said the meeting was called primarily to discuss the farm relief bill before the senate.

TOLERANCE PLEA MADE BY BORAH IN ANSWER TO HEFLIN

WASHINGTON, April 25.—(AP)—A plea for religious tolerance and adherence to the spirit of the constitution is the answer of Senator Borah, Republican, Idaho, to the effort of Senator Heflin, Democrat, Alabama, to have the senate condemn the treatment accorded him after his Ku Klux Klan speech last month at Brockton, Mass.

The Idaho senator's appeal was made late yesterday after Heflin had interrupted the farm relief debate in the senate with a demand for action upon his resolution condemning the Brockton incident, during which a bottle hurled at him as he was leaving the hall after his speech, hit a policeman.

Citing a statement by the Alabama man that his resolution "determines the position of the United States senators as to whether they are for the American government or for the Roman Catholic church," Borah asserted it therefore "can have only a political effect, or, what is worse, a religious effect, and in no sense do what the senator wants to accomplish."

Watson to Ask Vote.

WASHINGTON, April 25.—(AP)—Senator Watson of Indiana, the Republican leader, announced in the senate today that he would ask for a vote tomorrow on the resolution of Senator Heflin of Alabama, asking the senate to express regret for the treatment accorded the Alabama while he was making a Ku Klux Klan address in Brockton, Mass., March 18.

MANY CARDS ARE RECEIVED FOR COW, SOW, HEN DRAWING

Over 150 cards have been sent in by school children on the farms and in the rural communities of Navarro county to be entered in the drawing for the pure-blooded cow, sow and hen to be sent to the opening of the Corsicana Municipal airport Saturday by John W. Carpenter, president of the Texas Power & Light Company, and many times this number are expected to be dropped in the receptacles at the chambers of commerce and at the airport before noon Saturday.

Mr. Carpenter is making the gift as an expression of his interest in better livestock on Navarro county farms, and it will be the first time in the history of Texas aviation that this number of animals have been transported by airplane.

Work on the big Stinson-Detroit transport was completed Thursday and comfortable accommodations are assured for the stock. The plane will be piloted by Lieut. Henry Toneray of Corsicana, and is due to arrive at the airport at 1 o'clock Saturday afternoon.

All of the entries in contest for the animals will be placed in a big box and thoroughly mixed. A drawing will then be held under the supervision of the special committee in charge of the distribution of the animals. The first number drawn will receive the cow, the second will get the sow, and the third the hen. Those whose names are drawn must be present to receive the prize or they will be disqualified.

The committee is composed of Henry Gentry, farm agent; Miss Mattie Wilroy, demonstration agent; C. L. Jester, president of the chamber of commerce; Mayor R. L. Wheelock, and County Judge Clay Nash.

DISTRICT MEETING KNIGHTS PYTHIAS BE HELD KERENS

KERENS, April 25.—(Sp.)—The district meeting of the Knights of Pythias will be held in the Kerens lodge, Thursday, May 2, according to an announcement made by C. H. Machen, district deputy, of Mexico, who will be the principal speaker for the occasion.

Joe Sheppard, keeper of records and seals for the Kerens Knights of Pythias lodge, who received word from Mr. Mahen, stated that arrangements were being made to entertain a large number of visiting Pythians, and that an interesting program would be followed. A committee has already been appointed to arrange for refreshments, and a big time is promised to all the lodge members attending.

Mr. Machen is a prominent attorney of Limestone county, and is well versed in Pythian work, and his address before the lodge on Thursday, May 2, promises to be one of the most interesting ever delivered in this city.

SICK AND CONVALESCENT

Mrs. A. L. Andrews of Roane is in the Corsicana Hospital and Clinic.

Mrs. T. R. Womack was operated on at the Navarro County Hospital Thursday.

Twenty-five Are Injured In Bus And Train Crash

MICHIGAN CITY, Ind., April 25.—(AP)—Twenty-five persons were injured, three critically, in a collision between an east-bound pony express bus and a west-bound electric train of the Chicago, South Shore and South Bend railroad at the Eleventh and Ohio street intersection at midnight.

The seriously injured were Sterling Peak, Detroit, and Jack Atherington, Detroit, drivers of the bus; and Clifford Meech, of Chicago, bus passenger. The other 23 victims were taken to hospitals.

LAD KILLED BY LIGHTNING.

GREENVILLE, April 25.—(AP)—Harold Harper, 14, was killed by lightning near Ladonia in an electrical storm yesterday. Funeral services were to be held at Bella, Texas, his former home, today.

Roaming the Realm — Of — County Sports

By DELMORE OLSEN

Thirty members of the Corsicana High school, Tiger football team left early Thursday morning for Sherman where the Tigers must the Sherman Bearcats Thursday afternoon. In the first spring football game, the Tigers humbled the Central high school of Fort Worth gridders 25-19 on Tiger field last Friday afternoon.

Coach Pierce has a great wealth of material at his command and is rapidly fashioning a great passing and running combination in the backfield. In the line, a number of lettermen of last year's great combination are again in uniform. Prospects are bright for a great team in the fall.

The White's Chapel baseball team has played 11 games so far this season, winning seven, tying 3 and losing one. The Silver City nine has been the only team fortunate in defeating the hustling boys from White's Chapel. This team numbers among its victims for the season, Drane, Purdon, Zions Rest, Silver City, Emhouse and the I. O. O. F. Home nines.

The Cotton Mill made it two straight over the Bazette crew by handing them the short end of a 5-1 score in a well played game at the Municipal Park last Saturday afternoon. The Millers had previously defeated the boys from the eastern portion of the county 7-5 on their home diamond.

The Magnolia Oilers made their debut in amateur baseball this year

by handing the Richland independents a 11-4 whupping in the Municipal Park Sunday afternoon. The Magnolia crew purchased all the equipment owned by the Corsicana Oilers and with Adolph Ruth as manager, the Oilers are due to show some class in amateur circles. A fast bunch of ball players have been banded together and promise to show the fans who like to see a team that plays for the love of the game only some classy examples of baseball during the summer months.

This White's Chapel team, we were speaking about in the above paragraph, seem to have as their favorite dish double header baseball games on the last two Sunday afternoons. This bunch of players have taken on all comers in twin bills and have come out victorious in three of the four games. Next Sunday afternoon, Drane will furnish opposition for the Chapel team.

Providence will play the I. O. O. F. Home team Friday afternoon at the Homecoming Celebration at the Odd Fellows Home. A great time has been planned for the visiting Odd Fellows at the occasion and the baseball game will be the climax of the day's activities.

The State Home Lads baseball team was rather late in getting started this year and have played only one game. Mildred was taken into camp last Friday afternoon 8-7 in ten innings. Bob Hale, captain of the Lads pill-pounders, was the star in this game, securing four hits, scoring four runs and stealing seven bases, including home base.

Waco still leads the pack in the Texas league, having won eight of the nine game played. The Cubs have been receiving great hurling, this coupled with the pep and ginger of the rookies on the Waco team accounts for their place at the top of the league. In the

WIFE OF SHERIFF DRIVES CAR WITH ALLEGED SLAYERS

ABILENE, April 25.—(AP)—With Mrs. J. A. Vaughan, wife of the Grayson county sheriff, driving the automobile, Deputies Frank Totter and Bill Goode left here today for Sherman with Dennis Dixon and Robert Mason charged with the murder of W. L. Echols, city marshal of Van Alstyne on March 21.

Mason and Dixon, arrested near Coleman after Elgie Leslie, filling station operator, had been mortally wounded by robbers on March 23 were brought to Abilene for safekeeping. They are to be placed on trial May 6 at Sherman and later will be taken to Coleman to be tried for murdering Leslie.

Mrs. Vaughan volunteered to drive the party when it became necessary for her husband and another Grayson county deputy to take Silas Jarman, Cooke county, negro, under death sentence for assaulting a woman at Gainesville, to the Huntsville prison. Jarman's electrocution is set for May 24.

American league, Philadelphia enjoys the position as leader. The New York Giants are leading the National league with three wins and one loss.

Dallas and Fort Worth had an old time slugfest in the Steer park Wednesday afternoon. Fort Worth slugging out twenty-four hits and denting home plate twenty times, while Dallas secured fifteen bingles and crossed home plate, thirteen times.

PRESIDENT HOOVER INVITED TO ATTEND WEST TEXAS MEETING

SEVENTY-FIFTH ANNIVERSARY GADSDEN PURCHASE ALSO TO BE OBSERVED

STAMFORD, April 25.—(4p)—An invitation, already signed by Governors Dillon of New Mexico and Moody of Texas, and a number of other prominent Texans, to President Hoover to attend the seventy-fifth anniversary of the West Texas Chamber of Commerce and the commemoration of the Gadsden Purchase has been sent to Gov. Phillips of Arizona for his signature.

The invitation also requests the president to indicate the time which will be most convenient for him to visit El Paso, the convention city, so that dates for the joint affair may be set.

The invitation follows:

"We, the governors of New Mexico, Arizona and Texas, and other citizens of our states, respectfully request that you consider our invitation to attend the seventy-fifth anniversary of the West Texas Chamber of Commerce, which will be held in conjunction with a celebration of the seventy-fifth anniversary of the Gadsden Purchase, at El Paso, Texas.

"We know that your duties make it impossible at this time for you to accept any definite date. Those in charge have decided to hold this convention and celebration after the adjournment of the special session of congress and as early in the fall of 1929 as suits your convenience.

"These two meetings, together with your attendance, would serve to stimulate greatly the progress and development of this vast virgin territory, and would be enthusiastically acclaimed by the people of the Southwest.

"The West Texas Chamber of the real accomplishments of the government that has not yet been given the recognition that we feel it deserves. It gave to our nation a strategic strip of territory and it is planned to give at this meeting full credit and honor to the wisdom of those who achieved it.

"The West Texas Chamber of Commerce is the largest regional commercial organization in the nation and has been a vital factor in the development and upbuilding of the section it serves.

"We ask your earnest consideration and earliest possible acceptance of our invitation, assuring you that you will be received with a cordiality that will prove most pleasing and interesting to you."

BEN R. VARDAMAN, CIVIC ORGANIZER, TO ADDRESS C. C.

MEXIA, April 25.—(Spl.)—Ben R. Vardaman, of Chicago, nationally known author and civic organizer, will be the principal speaker at the next meeting of the Bi-Stone Association of Chambers of Commerce, which will be held at Wortham, Friday night, May 17.

R. O. Selvy, first vice president of the association, and J. T. Drumwright, director of Wortham, are in charge of local arrangements at the convention town. They announce the banquet will be at the basement of the First Baptist church.

For the first time the association is meeting in the evening, previous meetings having been at noon-day, and for the first time delegates will be invited to bring their wives. A program of entertainment is being prepared.

Directors will meet before the banquet to transact business of the association. The organization is composed of chambers of commerce and other civic bodies of Limestone and Freestone counties.

ANNUAL PICNIC AT ODD FELLOWS HOME TO BE HELD FRIDAY

LARGE NUMBER VISITORS EXPECTED AT AFFAIR SPONSORED BY LOCAL LODGES

All plans for the annual I. O. O. F. picnic at the Odd Fellows Home Friday had been completed Thursday morning and a large crowd is expected. The picnic Friday is sponsored by the Corsicana Lodge No. 63, I. O. O. F., Home Rebekah Lodge No. 128, officials of the Odd Fellows Home and visiting Odd Fellows and Rebekahs of Navarro and adjoining counties. The picnic Friday will be commemorating the 110th anniversary of the founding of the order in America. The children of the Home will be the honor guests of the Odd Fellows and Rebekahs and all are expected to bring well filled baskets of eats. The local lodge will furnish barbecue, cake and ice cream.

Several of the high officials of the order will be here. J. K. Sasche, Sasche, Texas, chairman; W. R. Francis, Fort Worth, vice chairman, and C. P. Masters of Pecan Gap, all members of the Home board, has signified their intention of being on hand and others may attend.

A number of the inmates of the Old Folks Home at Ennis will be here Friday if the weather conditions permit.

A band concert by the Home band will be given under the direction of W. O. Barlow during the morning.

At 2 o'clock Friday afternoon, a play will be given at the auditorium under the direction of Miss Martha Sullivan, expressive teacher of the Home. Special musical numbers will be furnished under the direction of Miss Lou Whitaker. The Odd Fellows and Providence schools will play a baseball game at 3 o'clock on the Home diamond.

Navarro County Bankers to Meet Friday Evening

The Navarro County Bankers association will meet in regular monthly session Friday evening at The Oaks, near the Corsicana country club, according to announcement.

The election of officers will be the principal business of the meeting.

THREE MEMBERS OF MEXIA MASONS ARE HIGHLY HONORED

MEXIA, April 25.—(Spl.)—Three members of the Royal Arch Chapter of Mexia have been given the highest honor in the power of the body. Archi Murphy Stevens, Lin-ton Ivy Galtin and Thomas Andrew Griffin were awarded engraved and framed life memberships in the order in a ceremony that was most impressive.

Rev. E. H. Hudson made the presentation speech. The three merited together have had a total of 122 years of Masonic service in office.

Griffith has been a Mason 45 years. In the Blue lodge he served in 11 offices, for 26 years, in the chapter 12 offices 31 years, and in the commandery 11 offices 14 years. A total of 67 years Masonic service in 37 offices. He also served in the Eastern Star and is a member of the Shrine.

Stevens has been a Mason 35 years, serving the blue lodge 12 years in seven offices, in the chapter 26 years in three offices and in the commandery 19 years in 12 offices—66 years in 38 offices. Galtin, a Mason for 28 years, served four years in four offices of the blue lodge, and nine years in five offices of the chapter.

Thomas M. Bartley, of Waco, grand senior warden of the grand commandery, delivered an address after the presentation.

There is Only One FRIGIDAIRE.

It's a product of General Motors.

O. R. HALL, Dealer, at 120 West Second Ave. Phone 470.

HOUSE INTENDS TO RESTRICT ACTION TO SPECIAL ISSUE

SENATE GROUPS MAY FORCE ACTION ON OTHER MATTERS

WASHINGTON, April 25.—(4p)—Further evidence of the desire of house leaders to limit the special session of congress as closely as possible to the administration program was given today in plans for adjournment over the week-end after disposing of the farm relief bill.

The senate was not in a position to adopt a similar course, its procedure being less easily controlled under the rules and its farm relief discussion having gotten under way only last Tuesday, with many members showing an inclination to force attention to other matters.

Republican members of the house ways and means committee are still struggling with provisions of the tariff, bill and are not expected to have it ready before Monday. That is the next measure which house leaders hope to dispose of on

N. Suttle Roberts Named Sec.-Treas. Farm Loan Ass'n.

At a recent meeting of the Corsicana National Farm Loan Association, N. Suttle Roberts was elected secretary-treasurer of the association to succeed R. F. Shaw, resigned.

WOMAN SERIOUSLY HURT.

LUBBOCK, April 24.—(4p)—In an attempt to save her chickens from a threatening hail and wind storm, Mrs. M. E. Ryther, 43, of Crosbyton, was seriously injured here yesterday when wind blew the chicken house down, crushing her.

the administration program.

Indications are farm relief bill will consume more time in the senate than it has in the house, and the tariff bill will not be disposed of in the latter chamber with the ease and speed which has marked the farm bill discussion there. Republican leaders are considering plans to have the tariff measure brought before the house under special rules designed to limit debate, but the democrats already have made it clear they will oppose any such move.

WITHERED ROSES and LOVE TO BUMPTY BUM—played by GUY LOMBARGO.—City Book Store.

ARCHER CITY IS SELECTED FOR BIG STATE WOLF HUNT

MEXIA, April 25.—(Spl.)—One of the best wolf hunts of the Texas Fox and Wolf Hunters association has held in years was in prospect with the announcement of J. W. Elliott, of Mexia, secretary-treasurer that Archer City has been selected and May 6 to 9, inclusive, set for the spring meet of the association.

President C. L. DuPuy of Lukfkin has named Roy Hutcheson of Archer City as chairman of arrangements and Fred Foreman, Throckmorton, as master of hounds.

There are plenty of native wolf in the district near Archer City and Hutcheson promises plenty of good horses for those who desire to ride behind the dogs. The wolf hunt is held annually in West Texas and the fox hunt in East Texas.

Large silver trophy cups are offered in field trials and bench shows.

Mr. Elliott expects a large number at this meet. He says the wolf hunt is growing in interest. There are plenty of good wolf dogs and a wolf chase offers a sport different from anything else, he says.

SMALL BOND ASKED.

GALVESTON, April 24.—(4p)—Mrs. Ruth Genna, 20, was released on a \$500 bond here today after a hearing on charges of murdering Earl Montgomery, 38. She said she shot at Montgomery attempted to enter her home here.

BIG SPRING MAN DIES.

DENTON, April 24.—(4p)—Paul D. Wiseley, 34, of Big Spring, died in a hospital here today of pneumonia. He became ill 10 days ago while passing through here en route to Kansas City.

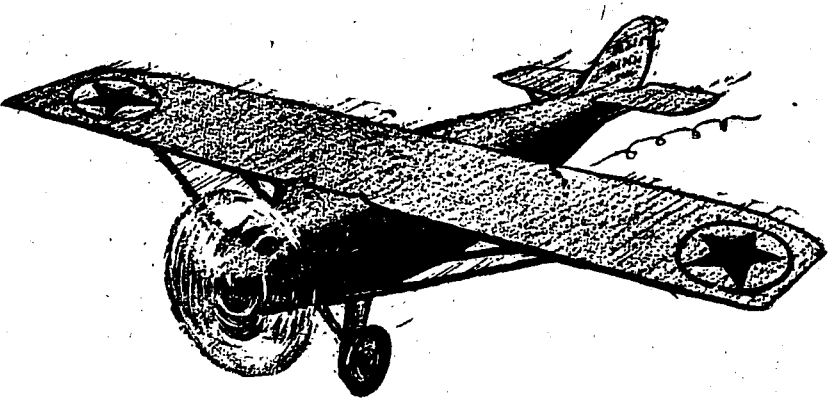

A chase may lead for 10 miles and then straight back, but when a wolf finds an embankment he can fight off 20 dogs for half an hour, often injuring some of the dogs before they kill him.

CREW OF SCHOONER FOUNDERED AT SEA REPORTED RESCUED

**WAD FLOATED IN LIFEBOAT
NINE DAYS; ONE DIED
WEDNESDAY NIGHT**

NEW YORK, April 25.—(AP)—A floating nine days in a life boat, James E. Coburn, which foundered April 17, 250 miles north of Bermuda, was picked up today by the yacht Amida about 650 miles east of Cape Hatteras, N. C. The Amida also picked up the body of the crew member who died. News of the rescue was received in a wireless message by the Radio Corporation of America. The message read: "Schooner James E. Coburn, owner J. F. Fonceca, New Bedford, Mass., 250 miles north of Bermuda, April 17. Crew picked up 10 Greenwich meridian time, latitude 34.25 north, longitude 64.35 west. Names of survivors, Master J. Pereira, Mate Edward Rice, Engineer W. Milliken, mess boy, Eugene Seale, seaman, Joseph Delgado, Manuel Silva, Henry Andres, R. Monterro, Boatswain, John Britto, purser, Joseph Maderros, Cook, W. Sargent died from exposure last night. Crew in lifeboat nine days. (Signed) Master Yacht Amida, McLOUGHLIN."

Had Eleven Men Aboard
BALTIMORE, April 25.—(AP)—The New Bedford schooner James E. Coburn sailed from this port April 1 with slightly more than 1,300 tons of coal for Fort De France, Martinique, according to her local agents, C. C. Paul and company. Shipping records here showed the vessel left port with eleven men aboard. They were listed as follows:

Master, Jose J. Pereira, mate, Richard Rice, 37, Baltimore, purser and part owner, Joseph M. Maderros, 32, New Bedford, Mass., cook, M. Sargent, 58, Baltimore, W. B. Milliken, 54, Raymond, Maine, Eugene Semedi, 27, Cape De Verde Islands, Joe Delgado, 46, New Bedford, Manuel Silva, 38, New York, John Britto, 44, Cape De Verde Islands, Henry Andres, 54, Baltimore, Ambrose Monterro, 45, Baltimore.

IN MEMORY.
Ovalo, Texas, April 1, 1929.
Mr. E. F. Threest (known as Uncle Lisha), the character of this sketch, was born in Rutherford county, Tenn., in 1860, departed this life March 22, 1929, making Uncle Lisha 69 years old. Uncle Lisha united with the Missionary Baptist church in 1912, and was a conscientious member until death. The writer has often talked with Uncle Lisha on the Scriptures and he gave us evidence that he had passed from death into life. Uncle Lisha believed in salvation by grace without the aid of man. He has paid the debt we all owe and sooner or later we will follow on the road. In the Scriptures, man that is born of woman is of few days and full of trouble, and also one of the old writers says "My days are few, full of evil." Job says, if a man die shall he live again; yea, all of my appointed time will I wait till my change come. Uncle Lisha fell asleep on March 22, to await the great morning of the resurrection, when that wonderful God shall say to the sleeping dust, "Come forth," and the mortal bodies shall be fashioned like unto the glorious body of Christ, and then we shall be satisfied. To know Uncle Lisha was to love him. The writer has been with him many times, and has passed some happy moments with him. Dear Uncle Lisha, we would say, sleep on, for we believe he fell asleep in Jesus. We would not wish him back for he is done with the trials and troubles of this world. Dear friends and loved ones, we would say to you not to weep as those who have no hope, for Uncle Lisha has entered into that rest. He has said a good many times that he was ready to go and of course, he knew that sin had to be finished and it brought forth death. At death Satan has no more to prey upon, because his warfare is ended there. The Bible tells us that dust shall be the serpent's meat. Dear loved ones, if we could say at all times, like Uncle Lisha, I am ready to go when the Master calls. Like Paul, we believe he fought a good fight, and we believe that there is a crown of righteousness for him, and not to him only, but all that love His appearing. I have known Uncle Lisha a good many years. He was a good man, a good neighbor, a good citizen, and a Christian man. He believed in doing what was right, so we believe that his sins went before to judgment. We would say to his friends and loved ones, lift up your drooping heads and take courage, for it will not be long till we shall go the way of all the earth, and if our sins have gone before us we shall be at rest with all the redeemed. Written by request and by one who loved him.

BLOODY FIGHTING IS REPORTED FROM TOWN IN JALISCO

(Continued from Page 1)
engaged in a movement against rebels entrenched at Masaiaca. General Juan Andres Almazan reported he was moving his troops through Julpito Pass into Sonora. There was no confirmation here that he had met with resistance.

Rebels Claim Two Sonora Victories

NOGALES, Sonora, April 25.—Feverish activity marked the rebel camp at Agua Prieta today as reports reached the border that General Juan Andres Almazan had surprised the rebels by moving part of his federal troops from Chihuahua into Sonora through Carretas Pass, north of Pulpito Pass, which the rebels were guarding, and was massing his forces at Fronteras, 35 miles south of Agua Prieta. Rebels reported they had met and turned back federal troops at Pulpito Pass yesterday, and they also claimed a victory by rebel general Fausto Topete, over federal cav-

alry near Masaiaca, Southern Sonora. Federal troops at San Luis and Sonoyta, Western Sonora, announced they expected an attack by rebels today. Federal bombing planes dropped explosives here and at Agua Prieta yesterday but no casualties were reported. At Tucson, Ariz., two American aviators, W. L. Mitchell and Pete Stanley, were in jail awaiting arraignment before a United States commissioner on charges of transporting munitions of war to the Mexican rebels in Sonora. They were arrested last night and their plane seized. Stanley was said to have admitted he had been flying for the rebels. Both men claimed Big Spring, Texas, as their home. Phil "Red" Mohun, also known as Phillip Meredith, of New York, last night was ordered removed from Tucson to El Paso, Tex., to face federal charges of transporting an airplane from the United States into Mexico in violation of regulations which prevent the rebels from receiving American aid. He was arrested in Nogales, Ariz., Saturday.

Federals Claim Masaiaca.
MEXICO CITY, April 25.—(AP)—Gen. Lazaro Cardenas, federal commander in Southern Sonora, informed the government today that the rebel army retreated from Masaiaca last night and that federal troops were able to enter the town today without resistance.

HOUSE REMAINED ON JOB THURSDAY AS SENATE RESTED

**GOVERNOR'S CIVIL SERVICE
MEASURE VOTED OUT BY
COMMITTEE**

AUSTIN, April 25.—(AP)—The house tomorrow will have for its consideration the first of almost 30 measures dealing with educational, penitentiary and civil service subjects when Representative George Kemble's bill calling for employment of state workers on a merit basis is placed before the membership for action. The bill was laid on members' desks today. The legislative rule requiring that measures be available for study 24 hours before their consideration forced the house to adjourn today shortly before noon after an attempt at adjournment to Monday had failed. Four educational bills also will be available for consideration tomorrow, Representative Ray Holder, chairman of the house education committee, said. An economy movement led by

Rep. John R. Veatch of Joshua, who vigorously protested the recent raise of a number of house employees' salaries from \$7.50 to \$10 daily, consumed the morning. Veatch asserted the raises were in violation of the spirit of the state constitution. AUSTIN, April 25.—(AP)—The house remained on the job today in a serious effort to get the legislative machinery grinding, while the senate rested, having adjourned until Monday to permit about half of the membership to go on an inspection jaunt to the Agricultural and Mechanical college and other state institutions in East Texas. The house, however, was threat-

ened with lack of a quorum. It had the Kemble civil service bill, recommended by Governor Moody, ready for consideration, the state affairs committee having mustered a meeting and voted it out after it had been stated it would not be voted on until after the arrival of Cecil Storey of Vernon, chairman of the committee, next week. In addition the house educational committee has approved three educational bills by Rep. Harmon of Waco. They are the following: Increasing salaries of county school superintendents of counties having not more than 15,000 scholars, changing county school boards

from five to seven members, one to be elected from a common school district or independent school district of less than 500 scholastic population within each county commissioner's precinct, and three to be elected from the county at large, and eliminating the statutory salary for a civil engineer and forestry engineer at A. and M. college.

CORSICANA, TEN., APR. 26, 1929.

THE VASTNESS OF LIFE.

One of the incidents of the conquest of nature by science is the shuddering sense of immensity that it gives to those who comprehend the distances computed by the astronomer, the geologist, the remoteness of the stars, the age of this solar system, the life of man upon the earth.

The effect naturally would be to quench the Promethean spirit, for this consciousness of the vastness of the universe and the eternity of time tends to make him contemptible by dwelling on his insignificance in an ever-expanding universe.

If man lived in daily consciousness of the astronomical fact that the universe of lights does not revolve around the earth, which to man's vision seems so great but is pitifully insignificant; if he lived also in the consciousness of the fact that human beings, as the sands of the sea in number, have laid themselves down in it, dust never dreaming of the countless ages to come; if the race as a whole possessed this Copernican consciousness, would it lose its confidence in itself and faith in all-seeing Providence?

The answer is that the mind of man, which has comprehended this vast universe, weighed the earth, computed eclipses to a second, and learned how to converse across continents and oceans, will make the adjustments as a pioneer in a new land. Within him is the instinct for perfection that no outside cosmic force can subdue or permanently halt or even intimidate.

After all, minds incapable of astronomical distances and which might be thrown off their equilibrium by long speculation on matters so vast are not in the habit of worrying themselves about them.

CREDIT CONTROL EFFECTED.

Excessive absorption of credit for speculative purposes is a detriment to business and industry. It is upon this principle that the federal reserve board's latest warning to member banks is based. The principle is absolutely sound, and the probabilities are, therefore, that the requested co-operation will be readily obtained.

But the board is insistent. "In case the desired readjustment is not brought about by voluntary co-operation," it says, "the federal reserve system may adopt other methods of influencing the situation."

This is certainly the plainest kind of an indication that there will soon be release of an increasing amount of credit for trade purposes and a general easing of the money situation. Whether Wall Street likes it, makes not the slightest difference.

Some critics are sure to denounce the board's strong action as being unduly dictatorial and autocratic. This, however, will not be the judgment of the millions of people who, if their fingers were not actually burned in the speculative furnace, would at least suffer indirectly through continued flaunting of the policies of sound finance.

With the conventions behind us we can now give our undivided attention to the formal opening of Corsicana's Airport scheduled for Saturday and Sunday. Might as well make your plans to attend. If you don't you are going to be lonesome for everybody, physically able, will be at the airport these two days.

Keep up with the world or it will step on your neck.

BOOSTER OF BUSINESS.

Those who find something economically wrong in selling radios and electric washing machines on the installment plan are leaning backward. Business of this kind has been going on for many years, and it must have been found profitable for both buyer and seller or it would not have grown to such enormous proportions.

Aside from the fact that installment buying helps keep the wheels of industry turning, furnishing employment and wages—this in turn increasing buying power—it has been accompanied by unprecedented growth in saving accounts, life insurance and home ownership—the latter also made possible by long-term payment. This seems to be reasonably good proof that the people of the United States are not engaged in a reckless joy ride of extravagance.

If the public is too thoughtless in spending salary and wage before they are earned, the brakes should be applied. If the craze for volume of business actuates merchants and manufacturers to disregard business caution, credit facilities should be curtailed. But interdependence in both selling and buying on the deferred payment plan has its own brakes. Few buyers find it easy to buy beyond their ability to pay and few sellers find it possible to extend credit beyond their own ability to carry.

Americans are an optimistic people and given unlimited credit and high-pressure salesmanship, it may be easily possible to persuade many so to spend their savings in advance that business depression would find many of them unable to meet their liabilities. But the periodical arrangements of installment buying minimize this threat by centering public attention upon it.

Many housewives, newly married couples and others are able to supply their needs and desires in no other way, and the vast majority of them use sense and judgment in committing themselves to future payments.

THE MAN WITH A GROUCH.

Fault is about the only thing that can be found where it does not exist. The fault-finder looks through blue spectacles. The defect is in his vision. Psychology has pretty thoroughly established the fact that ghosts are creations of the subjective mind—and fault-finding is very much like ghost-seeing. You see blurs and blotches which, if properly traced, will be found to begin and end their actual existence in your own eye or stomach or liver. There is nothing else we can look for with so much certainty of finding it as fault and trouble.

If anticipation did not go more than half way to meet troubles most of them would miss their way and never get near you.

They say that one of the things you cannot make or alter is environment—that it is fixed, inflexible, and that you are its slave. That is a pessimistic lie.

The man who thinks the world is full of good people and kindly blessings is much richer than he who thinks to the contrary. Each man largely peopled the world for himself. Some men live in a world peopled with princes of the royal blood; some in a world of paupers and privation. You have your choice.

To our moods the world is a looking glass. It smiles back at us if we smile; if we frown it frowns.

ADVERTISING HELPS CREDIT.

There is one way by which a business man's credit is improved, and that is by a policy of consistent advertising. Bank men believe in advertising, for they know it pays. Their feeling, therefore, is that when a merchant who is a good advertiser applies for a loan, that a reasonable amount of goods, bought by him on credit, is likely to be turned over quickly and promptly paid for.

Discriminating buyers of every class know they can get fresh goods from the store that advertises. The merchant who advertises seldom has shop-worn goods.

WRITE CHEERFUL LETTERS

Maybe you never thought about it, but a cheerful letter is a fine tonic, and it is just as easy to write a cheerful as a gloomy one. Of course, some of us are better writers than others, but there is no reason why the ordinary letter can not be cheerful, there is no good reason why the ordinary writer, or the poor writer, can not sound a cheerful note when writing the ordinary letter.

Cheer is a big thing. The clever writer of a business letter studies the scientific meaning of the word; he knows all about it—psychologically and temperamentally. The bulk of a business letter may be purely matter-of-fact in text, yet, somewhere, the clever writer will sound the cheerful note that leaves a splendid taste in the mouth of the reader.

You are always glad to receive letters from some people. Why? The answer is that you know their letters are cheerful, that these writers have a way of telling things without the gloomy aspects, and—well, you just feel good over hearing from them, that's all. Again, there are some people who seem determined to look altogether on the dark side of everything and their views are invariably reflected in the letters they send out to their friends and their business correspondents.

A cheerful letter is like a beacon light to a weary traveler who has lost his way; it comes with all the refreshing sweetness of a summer morn and the honeyed sunshine of spring.

Airplanes of every manner and kind will be as thick as black birds over Corsicana Saturday and Sunday. A number of famous pilots are scheduled to be our guests.

Long ago, one-half the world didn't know how the other half lived. That was before the era of a dollar down.

And in that way advertising helps the merchant's credit not only in the banks but with his customers. And one just as important as the other.

Overproduction Is Big Problem Of Farm Relief

By FRANK I. WELLER

Associated Press Farm Editor
 WASHINGTON—(AP)—In the opinion of most farm leaders, the new farm relief bill offers potential solution of almost every agricultural problem except overproduction.

They are not sure the profitable removal of crop surpluses will not result in widespread expansion of acreage.

Particularly, they fear the attitude that the government is guaranteeing prosperity in every crop venture and an unbridled scramble to make more money by raising more products.

Some frankly believe the federal farm board will have to devise immediate and drastic steps to control production. One suggestion is that each co-operative handling a commodity in which there is a prospective surplus be empowered to stipulate how much of an individual's crop it will undertake to market.

It was the theory of the old equalization fee that production could be controlled by making each commodity served pay for the removal of its own surplus. Under that plan the producer always had immediate and direct control over the amount of his crop to market.

Those who profess no anxiety point to a provision in the farm relief bill that makes it possible for the federal farm board to finance an "educational campaign" from the \$500,000,000 revolving fund.

Such a campaign, they say, would embrace the collaboration of every group desiring economic farm information in helping the producer determine market probabilities. Foremost would be the department of agriculture with its corps of agricultural economists and marketing specialists. They would estimate domestic and foreign production and consumption, and indicate in what commodities and what amounts the American farmer could expect to produce for domestic and world markets. To a certain extent it does that now, but it does not have the facilities to make the intensive studies for which it is expected to be called upon in the future.

State departments of agriculture, agricultural colleges, and extension workers complete the "educational" structure in connection with the farmer's own business affiliations. In the last and most important premise is the individual farmer's willingness to cooperate.

State departments of agriculture, agricultural colleges, and extension workers complete the "educational" structure in connection with the farmer's own business affiliations. In the last and most important premise is the individual farmer's willingness to cooperate.

Little Child Dies Near Richland

Doris Lucille Oliver, two-months-old daughter of Mr. Mrs. L. L. Oliver of the Richland community died Wednesday morning at 7 o'clock and the funeral was held Wednesday afternoon at 4 o'clock with burial in the Graceland cemetery. Sutherland Funeral Home had charge of the funeral.

COURTHOUSE NEWS.

District Court.

The case of L. J. Shaw vs. Corsicana National bank, et al, debt, was still on trial in the Thirtieth Judicial District court Wednesday morning.

The Navarro county grand jury which has been in recess for several days Wednesday morning resumed its investigations.

District Court.

The following case was filed: Cathryn Eckert, vs. Mack Eckert, divorce.

County Attorney's Office.

H. B. Davis, county attorney, is in Austin Wednesday to appear before Governor Dan Moody to seek to prevent the granting extradition papers for the return of G. R. Benefield to North Carolina until after the two cases in the local district court have been disposed of. Benefield is wanted in North Carolina for the finishing of a five-year sentence in the penitentiary for larceny and forgery. North Carolina officials state. Benefield is alleged to have escaped after serving approximately one year of his term.

Warranty Deeds.

C. A. Montgomery, et ux, to Southwestern Building and Loan association, part of block 437, Corsicana, \$500.

Aleene Loveless, et al, to W. L. Hall, 82.94 acres of the John E. Nite survey, \$200 and other considerations.

Mary Anna Gibson to R. D. Fleming, 45 acres of the James Smith and W. R. Bowen surveys, \$4500.

Mrs. N. C. Clarke, et al, to F. P. McElwath, west one-half of lot 3, all of lot 4 and east one-half of lot 5, block 615, Corsicana, \$1 and other considerations.

W. U. Hightower, et ux, to J. A. Ledford and R. F. Shaw, 1-20th interest in 100 acres of the Joseph L. French survey, \$348.

Marriage Licenses.

Roy E. DeLaFosse and Edith Babb.

Olney Marchant and Susie Stubblefield.

Assignment.

Oil City Iron Works to Wm. Clarkson, Jr., 100 acres of the Robertson county school land survey, \$1 and other considerations.

Constable's Office.

Constable J. J. Howard and Deputy Constable E. W. Warnell arrested a white man near Wildcat Ferry Tuesday afternoon and the accused man is being held in the Navarro county jail for federal operatives. It is understood that the federal officers want him for the alleged violation of the prohibition laws.

Two men were arrested near Zion's Rest last night by Constable J. J. Howard and are being held in the county jail on charges of vagrancy.

TAKES FIRST PLACE.

MEXIA, April 24.—(Sp.)—Miss Frances Chatham of Mexia took first place in the district "My Home Town," speaking contest of the East Texas Chamber of Commerce at Teague Saturday. Miss Chatham will compete in finals in East Texas.

Sam Gerber was a Dallas visitor Tuesday.

IT'S DANGEROUS GROUND you stand on—with a cough, a cold or gripe, and your blood impoverished. You must do something! Dr. Pierce's Golden Medical Discovery makes richer blood—builds health and strength.

Mrs. Beatrice Morrison of 438 Terry St., Dallas, Texas, remarked: "Dr. Pierce's Golden Medical Discovery is a splendid family medicine and one that I generally keep in the house. I always give it to my children for coughs and colds. My little girl has been especially benefited by taking this medicine. Diphtheria left her with bronchial weakness and she got run down, thin and puny. I gave her the 'Golden Medical Discovery' and it built her up in health."

All druggists. Tablets or liquid. Send Dr. Pierce, Buffalo, N. Y., 10c if you desire a trial pkg. of tablets.

Why We Fit Tillyer Lenses

In a few words, we use this latest optical development because it gives you lenses that have our prescription ground exclusively from margin to margin. Ordinary lenses give clear vision only through the center—through the margins, the vision blurs and may cause eye-strain. Drop in, let us explain why Tillyer Lenses are so much better for your eyes.

Municipal Airport Opening Proclamation

It has been brought to my attention that the Corsicana Municipal Airport is to be officially opened with a two-day celebration on April 27th and 28th, under the auspices of the Navarro County Shrine Club, and that a special edition of the Corsicana Daily Sun is to be issued and circulated generally over the State celebrating the airport opening.

It is gratifying to me that a long cherished ambition to have a modern airport has been realized, and that with the opening of the Corsicana Airport there will be made available to aviation one of the best located and equipped airports in the State.

The Corsicana Chamber of Commerce, who sponsored an airport for Corsicana, the Board of Commissioners of the City of Corsicana, who made the airport possible, Mr. Harold J. Nichols who will operate the airport, and the Navarro County Shrine Club under whose auspices the celebration is to be held, are all to be heartily congratulated.

As Mayor of the City of Corsicana I take pleasure in proclaiming April 27th and 28th specially set aside for the opening celebration of the Corsicana Airport, and call upon the citizens of Corsicana to extend every courtesy and assistance to the guests of our City, present for this occasion.

I also take pleasure in extending a general invitation to the citizens over the State to visit us and enjoy the celebration with us.

R. L. WHEELLOCK, Mayor of Corsicana.

R. L. WHEELLOCK,
Mayor of Corsicana.

Official Opening Program Corsicana Municipal Airport Saturday and Sunday, April 27-28

Under auspices Navarro County Shrine Club with co-operating Civic and Commercial organizations as follows:

City Commission, Chamber of Commerce, Lions Club, Rotary Club, Civitan Club, Country Club, Retail Merchants, Commissioner's Court, American Legion, Daily Sun, Business and Professional Women's Club.

W. C. STROUBE, PRESIDENT
NAVARRO COUNTY SHRINE CLUB, GENERAL CHAIRMAN.

All aviators must register at the hangar immediately upon arrival on field, where they will be presented with complimentary courtesy cards for free gas, oil and hotel, and social events. All gas and oil furnished free. Courtesy Central Texas Refining Company.

Program For Saturday
April 27th:

11:00 a. m.—Inspection of Army and Commercial Planes at Airport.

APRIL 27-28

EAST AND WEST TEXAS ROAD WILL TRAVERSE COUNTY STATE HIGHWAY COMMISSION DESIGNATES HIGHWAY AT TUESDAY SESSION

Five of the principal highways of Texas are now designated through Corsicana and Navarro county following the action of the State Highway commission Tuesday in accepting the Fort Worth-Beaumont highway by way of Corsicana and Palestine as a state project at their regular monthly meeting. Four of these traffic arteries will traverse the state, while the federal highway, No. 75, will cut the heart of the nation from Canada to the Gulf.

By the unanimous action of the highway commission, another highway has been designated that will connect the plains area with the coastal territory, opening up a large area of entirely new territory. A new highway will be built from Corsicana into Anderson county, crossing the Trinity River at Wildcat Ferry, joining Highways 14 and 24. Until the bridge can be built across the river, the commission's courts of both counties have agreed to conduct a free ferry, sharing in the cost of operation.

Chief Engineer Gilchrist will arrive in Corsicana early next week to start work on the surveys of the new route. Plans have been completed on a large portion of the road within the Navarro County Consolidated Road District No. 1, and \$388,000 of the bond issue have been set aside for construction of this road, and this sum will be matched by State funds insuring the completion of an eighteen foot reinforced concrete highway to the county line. The right of way will be 100 feet wide.

A large delegation representing almost every city along the route of the proposed highway appeared before the commission, headed by Major Jewell P. Lightfoot, chairman of the Fort Worth association of commerce good roads committee, and the delegation was prepared to back their proposal with mass of figures. When the proposition was presented to the commission, it was immediately adopted without any discussion.

The greater part of the new highway has already been provided for it by the counties along the route, and it is estimated that approximately a half million dollars are available for immediate use.

Among those presenting the proposal to the commission were County Judge Clay Nash, Rufus Hardy, Guy M. Gibson, F. P. McElwraith, J. S. Murchison and R. J. Jackson, all of Corsicana; County Judge J. M. Shelton and J. G. Gatewood of Palestine.

West Navarro Project.
A delegation was present before the commission from the northwestern portion of Navarro county seeking information concerning the proposed road from the limits of Road District No. 1 to the Hill County line near Mertens. The delegation desired to get State and Federal aid on the road and it was thought that Hill county would construct a highway from Hillsboro to meet the new road. The highway officials advised the committee that an engineer would be sent over the proposed route within the near future to secure information; and advised them to go ahead and vote their bonds, indicating that the state would be ready to join in the project.

The delegation was composed of John C. Beck and Minor Beene of Frost; R. L. Harris and L. I. Griffin of Blooming Grove; Dr. W. W. W. Woodruff of Barry.

May Hold Celebration.
The ease with which the procedure passed the commission drew a hearty outburst from the delegation. F. J. Jackson, chairman of the good roads committee of the Corsicana chamber of commerce, said Wednesday morning in his report on the meeting. A proposal was made by Judge Shelton of Palestine that Corsicana and that city join in a big barbecue and celebration at Wildcat Ferry to celebrate the designation and was immediately taken up by other representatives, and plans are being made for that affair.

Mr. Jackson pointed out that with the building of the new road the distance to Palestine would be reduced to about 52 miles, a saving of approximately 20 miles to Palestine and the East Texas oil fields. The distance from Anderson county to Fort Worth will be shortened about 30 miles. The chairman declared that the designation of the project was one of the biggest events in the history of the state of Texas since it opened up a large amount of virgin trade territory.

Much of the credit for working out the project was attributed by Mr. Jackson to the efforts of Major Lightfoot of Fort Worth, Judge C. L. Jester, president of the Corsicana Chamber of Commerce, and Guy M. Gibson, who have been working continually on the project for several months.

Inception in Spring 1923.
The project had its inception in the spring of 1923 and an attempt was made to bring it before the highway commission at that time. At that time the project was not accepted by Chief Engineer Gilchrist, and the matter did not reach the commission. The group then set to work to remove every trace of a local project from the route, and the Fort Worth interests and other cities along the line were recruited. Work on the portion of road District No. 1 in this direction has been held up until some definite action is taken. Plans are now ready for acceptance on the road as far as the Three-Way filling station, and will probably be presented to the highway department as the preliminary details can be settled.

With the five highways through Corsicana, the county seat of Navarro county is making a strong bid to become the highway center of Texas. The city is now located on Federal Highway 75, on Highways 31 and 14, which coincide with No. 75 north and then branch off south of Corsicana, and Highway 22, which runs from Corsicana to Palestine as an east and west route. Within the near future it will be possible to reach any section of Texas on a direct route from Corsicana.

PREACHER SCORES ACTION OF BOARD THAT OUSTED HIM

CAMERON, April 24.—(U)—A scathing denunciation of church tenets which stifle scholarship is the answer of the Rev. H. G. Kenney to the officials who recently ousted him from the pastorate of the First Presbyterian church here.

Church leaders agreed that if there had been a chance for the Rev. Kenney's reinstatement, his statement precluded such a possibility. His indictment against the church leaders who expelled him was concluded with the words: "I cannot believe that all doors are forever closed to me."

"It makes no difference how much good a man may be doing," the minister's statement declared. "If he fails to uphold and defend the standards of the church there is no place for him in their midst. I have been put out because I would not permit my name to remain on a statement of faith which was neither constructive nor vital."

The church today is too interested in correct theology and not interested enough in vital religion, the pastor said.

"One meets today many 'great Methodists' and 'Great Presbyterians,' but how few are the 'Great Christians!'"

MEXIA REVIVAL MEETING.
MEXIA, April 24.—(Spl.)—Rev. C. E. Chambers, district evangelist for the Texas Christian Missionary Society, has begun a two weeks revival meeting at the First Christian church here. The congregation, which has been pastorless, hopes to employ a pastor after the revival meeting is over.

MEAN TO ME AND BUTTON UP YOUR OVERCOAT sung by BETH ETTING—City Book Store.

NINE PLANES WILL COME FROM KELLY FIELD SATURDAY

TWENTY-TWO ARMY PLANES
HAVE ALREADY BEEN ASSIGNED
AIRPORT OPENING

Nine planes and fifteen men will make up the delegation from Kelly Field, San Antonio, to the formal opening of the Corsicana Municipal Airport Saturday and will remain over for the big reception to be given in honor of the visiting flyers at the Corsicana Country Club Saturday evening.

This information was received Wednesday morning from Lieutenant Patrick, operations officer for the advanced flying school at Kelly Field by W. C. Stroube, general chairman. The planes will leave San Antonio at 8 o'clock Saturday morning and will arrive in Corsicana at approximately the same time as the Brooks Field delegation. This acceptance brings the number of army planes promised to 22 with Fort Sill yet to be heard from. It will be one of the largest army delegations ever to visit an airport in Texas for an opening, and will approach a record in the history of the nation for a peace time performance.

Corsicana banks will close at noon Saturday to co-operate with the officials in charge of the airport opening, and the tellers will aid in the speeding up of ticket sales. Numerous merchants are expected to follow the example of the banks and assist in the history of Corsicana and Navarro county.

Chairman Stroube, John C. Calhoun, and Jim B. Robinson attended a luncheon for the army delegation at the Waco Shrine on Tuesday, and report that the Waco Shrine is coming over in full force Sunday, and will bring a large number of aviation enthusiasts on their special train. Large delegations were promised from every town between Corsicana and Waco the visitors reported.

Races Will Be Held.
Through the representations of Congressman Luther A. Johnson to the head of the department, a waiver has been secured from the U. S. Department of Commerce to allow the races and stunts to be performed over the airport.

Preparations are going forward rapidly for the entertainment of the guests and visiting aviators during the two day celebration. John C. Calhoun is the entertainment chairman and everything is being done to afford the visitors a number of courtesies.

Under the direction of Mrs. Charles G. Jester, plans are rapidly being completed for the big reception and dance in honor of the visitors at the Country Club Saturday night. Admission will be by card only and county club members and their guests are urged to make

their reservations with W. C. Stroube or W. H. Fendley not later than Thursday noon. It will not be possible to accept a reservation after that time, Mr. Stroube said Wednesday.

Although he could not conceal his anxiety during the gloom Wednesday morning, Chairman Stroube's face was wreathed in smiles as the sun appeared after noon. Although the rain of the morning will probably curtail the attendance from some sections of the county, no damage was done to the airport. If fair weather prevails for the remainder of the week, the field will be in the best possible shape, as the rain faded greatly in setting several fills and packed the surface.

AGED MINISTER AND PIONEER OF COUNTY IS DEAD

Rev. J. W. Hornbeak, 77, resident of Corsicana for many years, native Texas and first white child born in Bosque county, died Tuesday night at 8 o'clock at Arcady farm where he has resided for a number of years, and the funeral will be held from the Cumberland Presbyterian church here Thursday afternoon at 3 o'clock with burial in Oakwood cemetery. The funeral services will be conducted by Rev. Brown, Cumberland Presbyterian minister of Dawson.

Rev. Hornbeak was born at Valley Mills, Bosque county, Sept. 8, 1851. His parents moved to Tehuacana when he was a small lad so that the child grew up in the state of Texas. He was educated at Trinity university. Rev. Hornbeak entered the Cumberland Presbyterian ministry in 1873 and in 1876 was married to Miss Ella Root of Corsicana. After his marriage, he moved to Rockwall, Kaufman, Terrell, Weatherford and Greenville. In 1887, he returned to Corsicana where he was in business with his brother, C. M. Hornbeak.

At the same time serving churches at Kerens, Rice, Goshen and Edens.

After his health failed him, Rev. Hornbeak retired from the ministry and lived an out-door life, serving as Navarro county demonstration agent for seven years. For the last five years, he has lived at Arcady farm, serving as farm manager as long as his health permitted. When he was no longer able physically to hold this position, he stayed at the farm as the guest of his life-long friend, F. N. Drane.

Surviving are his wife, three daughters, Mrs. B. T. Delahay, Corsicana; Miss Lois Hornbeak, Corsicana; Mrs. J. M. Rector, San Antonio; two sons, Sterling Hornbeak, Corsicana; Sam Hornbeak, Dallas; twelve grand-children, one great-grand child; two brothers, Rev. J. A. Hornbeak, Hereford; and Dr. S. L. Hornbeak, Trinity university, Waxahachie, and other relatives.

The funeral will be under the direction of the Sutherland Funeral Home.

SPECIAL AIR MAIL PLANE MAY VISIT HERE SATURDAY

The desire of the Corsicana Chamber of Commerce to have a special United States post office air mail plane arrive during the airport celebration Saturday and pick up the hundreds of airmail letters was near realization Wednesday morning when Postmaster P. Mayer received an encouraging response from Bruce Luna, assistant postmaster of Dallas.

Mr. Mayer had a telephone conversation with Mr. Luna in the absence from Dallas of Postmaster John Phillip. Mr. Luna's foremost air-minded postmasters. The matter is also being taken up with Chas. B. Braun, traffic manager of the National Air Transport, which has the mail contract between Texas and northern points. Mr. Braun has already given the assurance that he will be present personally for the airport opening.

In addition to the hundreds of airmail letters being received at the Chamber of Commerce for dispatch to points throughout the United States in commemoration of the airport opening, a number of local citizens are catching the air mail fever and will mail letters to their friends to be sent with the memorial cachet autographed by Mayor R. L. Wheelock and Postmaster Mayer.

In addition to letters already received to be sent to practically every state in the union, Mr. Mayer said Wednesday morning that at least some letters would be sent to countries outside the United States. Special attention to the cancellation and dispatch of this mail is being arranged by Postmaster Mayer.

Several Planes May Visit Local Airport Opening From Waco

In addition to the army uniformed band and patrol and the big delegation of Shriners coming to Corsicana for the airport opening Sunday, April 28, it is probable that there will be several flyers from the Waco port in Corsicana for the celebration.

Information to this effect was given by W. V. Crawford, vice-president and general manager of the Waco Chamber of Commerce in a letter to the Corsicana Chamber of Commerce received Wednesday morning.

Mr. Crawford explained that the matter was getting the attention of his aviation committee and a decision would probably be made Wednesday on representation by airplane.

In the invitations sent to airport managers and individual flyers of the Corsicana airport opening, the Corsicana Chamber of Commerce has received the hearty cooperation of chambers of commerce in all the airport cities.

Dairy Supplies

We have a complete line of cans, pails, straw brushes, crocks, dairy churns and other utensils that help to properly take care of milk and cream.

All this equipment has been selected with care and can be depended upon, yet the prices are low.

Cream Purchases Being Increased

MEXIA, April 24.—(Spl.)—A local ice cream company, which purchases sweet cream and whole milk from the farmers of this district, is finding its supply offered increasing at the rate of 100 pounds of butter fat per week.

While the business is only a few weeks old, last week 621 pounds of

PAINS In Side and Back

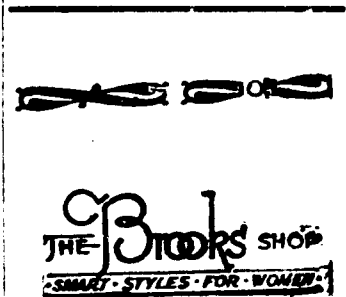

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully."

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My housework went undone, for I was not strong enough to do it."

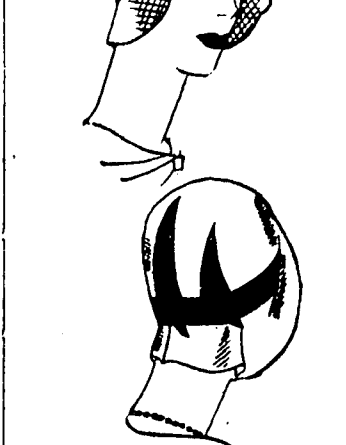

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckner, W. Main St., Salem, Va.

A. B. WALKER & SON

BUSINESS DISTRICT SOUTH NAVARRO TOWN VISITED BY FLAMES

DAMAGE IS ESTIMATED AT
AROUND ONE HUNDRED
THOUSAND DOLLARS

RICHLAND, April 23.—Fire originating in the rear of the E. B. Winn, general merchandise store about 1:30 Tuesday morning spread to adjoining property and razed a quarter of a block in the heart of the Richland business district before it was brought under control by the fire departments of Richland, Wortham and Corsicana, resulting in a damage estimated between \$75,000 and \$100,000, partially covered by insurance.

Buildings that were razed included the vacant quarters of the old First State Bank, the vacant Henry Swink building, J. Reeves hardware and furniture store, E. B. Winn, general merchandise, R. Swink meat market. The barber shop operated by E. S. Allen and the Masonic Hall were also considerably damaged by water, fire and smoke.

All of the buildings with the exception of the meat market were partly covered with insurance. Fire fighting equipment from Corsicana and Wortham responded to the calls for help and aided greatly in bringing the flames under control.

The buildings occupied by the Reeves Furniture company and the Winn merchandise store were owned by A. A. Allison of Corsicana. Mr. Allison said Tuesday morning that he planned to rebuild.

U. of T. Regent

BEAUFORD H. JESTER
Corsicana Attorney.

AUSTIN, April 23.—W. M. Odell of Port Worth, Beauford Jester of Corsicana and Dr. Edward Randall of Galveston will be the three new regents of the University of Texas, according to announcement Monday. Dr. Randall's appointment was made last week and the other two on Sunday to be confirmed by Gov. Dan Moody, Monday, when their appointment became known. No reason was assigned for withholding the last two names. The governor said Mr. Jester would not be appointed until after the adjournment of the session of the regents which started Monday and is to continue three days.

Mr. Jester had not been officially notified Tuesday afternoon by Governor Dan Moody of his appointment as regent of the University, but indicated that he would accept the appointment. He graduated from the University of Texas in 1916 when he received his A. B. degree. After returning from the World War, he graduated from the law school in 1920 with a L. L. B. degree. During the World War, Mr. Jester was a captain in the 357th Infantry, ninth division and has always taken an active part in the affairs of the American Legion. He

ALLEGED LIQUOR LAW VIOLATORS TAKEN TUESDAY

After a chase of ten miles, Deputy Sheriff J. M. Westbrook Tuesday morning captured a Lincoln automobile, arrested two men and confiscated 45 1-2 gallons of corn liquor several miles north of Emhouse. Deputy Westbrook was riding in a Ford car belonging to the sheriff's department when the automobile confiscated passed him at a high rate of speed. He immediately gave chase and captured the car several miles north of Emhouse. The front springs of the Lincoln car had broken.

Formal complaint for the alleged violation of the prohibition laws was filed in Justice of the Peace S. B. Jordan's court against the two men who gave their names as J. P. Davis, Port Worth, and M. Bass, Corsicana. Both are in the county jail.

Officers stated that the car was enroute to Port Worth at the time it was captured.

The arrests were made about 10 o'clock Tuesday morning. It is expected that the case will be presented to the Navarro county grand jury Wednesday morning when that body reconvenes after several days' recess.

The captured automobile passed Deputy Sheriff Westbrook near the Corsicana Country club and was captured between Emhouse and the Ellis county line.

is past president of the ninth division veterans association and at the present time is athletic director of the American Legion of Texas and is serving his third term as president of the Navarro County Bar association.

Mr. Jester has taken an active part in the affairs of the University of Texas Ex-Students association since leaving the university and has kept in close touch with the needs and plans of his alma mater.

The appointment of Mr. Jester is the second Corsicanan to be a member of the board of regents. The late Judge E. J. Simkins of Corsicana was regent of the University for 12 years from 1883 to 1895, having been appointed by Governor Ross.

Navarro County Not Mentioned In Road Plans

AUSTIN, April 23.—(A)—Contracts for construction in thirteen counties, aggregating 164 miles of roads and involving the expenditure of about \$2,000,000 will be let by the Highway commission today. Another batch of lettings, adding up to 10 miles of construction valued at \$1,000,000, in eleven counties will be disposed of tomorrow.

The session of the commission will be one of the biggest in point of contracts awarded, in many months.

Lettings scheduled are: Archer county, highways 79 and 30; Hale county, highway 9; Board county, highway 28; Cherokee county, highway 37; Freestone county, highway 32; Ward county, highway 82; Jones county, highway 92; Dimmit county, highway 55; Harris county, highway 6; Arkansas county, highway 57; Cottle county, highway 42; Garza county, highway 2; Panola county, highway 8.

COUPLE REMAIN IN JAIL PENDING BOND IN WOMAN'S SLAYING

BORGER, April 23.—(A)—Mr. and Mrs. E. C. Scott were in the county jail at Slaton today awaiting the approval of their bonds by the sheriff. Scott's bond of \$10,000 and his wife's bond of \$3,000 have been approved by the county judge.

Scott was charged with shooting to death Mrs. Barney Turner on the streets of Borger April 15 in Borger's celebrated gossip case. Mrs. Scott and Mrs. Turner were said to have met on the streets of Borger the morning of Mrs. Turner's death and to have quarreled over gossip. Mrs. Turner was accused of starting stories about Mrs. Scott. The name of Mrs. Turner's husband was mentioned.

Later in the day, Scott met Mrs. Turner as she started to get into her automobile. The shooting followed. The Scott and Turner families formerly lived at Amarillo where the gossip was said to have had its inception.

SUNDAY SCHOOL DAY AT FIRST METHODIST CHURCH ON SUNDAY

Following is the program for annual Sunday school day at First Methodist Sunday school and church April 28 from 9:30 until 12:30.—Regular Sunday school period, classes as usual.

10:35—Bell to assemble in church auditorium.

10:40—All departments from Cradle Roll up assemble in church auditorium. General theme of Sunday school day, "What Our Sunday School Has to Offer."

Song by entire Sunday school, hymn No. 74, new song book.

Opening prayer, Van W. Harrel, director of religious education.

Cradle Roll department, Mrs. A. E. Haslam, superintendent, short program.

Beginners department, Mrs. L. C. Dockery, superintendent, department to sing "Jesus Love Me."

Primary department, Mrs. J. S. Murchison, short program.

11:00—Excuse members of Cradle roll, beginners and primary departments.

Short program by each department in the following order:

Junior department, Mrs. A. L. Thompson superintendent.

Intermediate department, Mrs. Frank King superintendent.

High school department, Mrs. A. W. Rogers superintendent.

Young Peoples department, Clyde Foster superintendent.

Adult department, A. A. Allison superintendent.

Offertory, morning offering.

Anthem by choir.

Short talk by Dr. Culver, subject, "The Relation of the Sunday School and the Church."

Hymn by entire body, No. 148, "Stand Up For Jesus."

Meeting closed by short talk by F. F. McElwath, general superintendent. Subject, "The Aim of Our Sunday School."

Official program for this day adopted by committee named by last workers' conference. Boyce Martin chairman.

Republican Solon Sorry Wirtz Bill Vetoed By Moody

AUSTIN, April 23.—(A)—Reno Eickenroht of Seguin, only republican member of the legislature, is sorry Governor Moody did not sign the Wirtz measure, better known as the "Bollers bill."

"Passage of that measure would have kindled a new era along political lines in Texas, and probably would have hastened the day when the Lone Star state would have been a doubtful state," the legislator said.

In discussing the general legislative situation, Mr. Eickenroht said he was opposed to introduction of foolish measures, taking up the allotted time of the special session. "I hope," Mr. Eickenroht said, "the solons will act in good faith, pass on the governor's recommendations offered in his message, study appropriation bills, and go home."

JAPANESE VESSEL GOES DOWN AFTER GOING ON ROCKS

TOKYO, April 23. (AP)

—More than a hundred persons were believed drowned when the Japanese steamship Toyo Kuni Maru sank a few minutes after striking rocks off Cape Erino in Southern Hokkaido.

The vessel sank so suddenly there was only time to send out a single SOS. Two steamers which reached the scene several hours after the sinking picked up 97 persons. Two hundred and nine were known to have been aboard when the ship sailed from Hakodate yesterday.

Several naval craft left Ominato to aid in the search, but it was feared there was small prospect for other survivors.

The 176 passengers carried by the steamer were fishermen bound for Makohatka.

The disaster was believed due to bad weather in the wake of last Sunday's hurricane.

A Suburban Home of Pleasing Lines

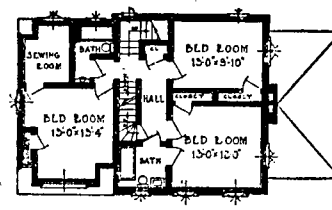

SIX LARGE ROOMS AND SEWING NOOK

This house, built at Lancaster, Pa., recently, is the delightful result of much thoughtful planning to produce a home of graceful beauty and utmost utility. The steep roof and close-set windows have a touch of English origin, developed later in Colonial days. The porch, with its round columns, the broad chimney at the front of the house, with its molded cappings, and the delightful doorway are striking features.

The walls are of concrete masonry units covered with a pleasing texture of portland cement stucco. (When erecting such masonry walls, either concrete structural tile or hollow block may be used.) The arched side doorway with trellised panels, window boxes and landscape.

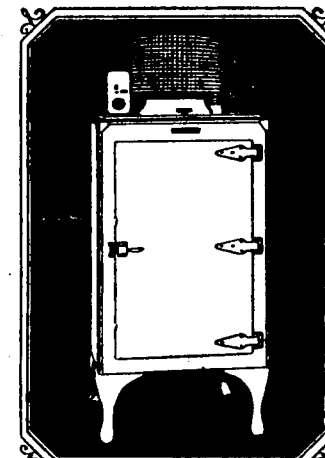

F. J. Everts, Architect, Lancaster, Pa.

ing of the grounds, all go a long way toward producing a decorative effect. The side entrance stairway hall has doors leading into each room on the first floor. The living room has a large fireplace at the front with doors opening on either side out to the spacious piazza. The dining room is well lighted and has a built-in china cabinet, while the kitchen has proven a delight to every housewife who has seen its many built-in conveniences and cozy breakfast nook.

Large clothes closets are featured in each of the three bedrooms on the second floor. Two bath rooms prove an added convenience, while a sewing room adjacent to the largest chamber may be used as a child's bedroom if desired.

This house should preferably be built on a large lot to properly emphasize its architectural beauty.

WALTON'S

"HOME SWEET HOME"

J. E. METCALF & SON

Builder of Good Homes.
"Home Sweet Home," a song whose tune and words are known and sung the world over, was not written in vain.

A man's home is his castle whether it be a hovel or a palace and the desire to own his own home was nestled in the breast of man down through the ages to the present day. The cave man chose his mate and climbed the mountain where he rolled boulders in the mouth of his humble abode to keep wild animals away; the Celt with his Dolmen piled rocks to make his home; the Western American Indian walled up a cliff; the pioneers blazed the trail with the axe and fashioned crude cabins to call home.

"Home Sweet Home," then was just the same as it is today. Be it ever so humble, applies to each and every one of us.

But modern invention and building skill eliminating the difficulties in modern home construction today. Owning your own home has long since passed out of the classification of a luxury and is placed at the disposal of the average man and wife of today. In fact, it is an imperative necessity if one is to associate with the average successful circle.

The building contractor today is not pictured garbed in the robes of commercialism nor the gleam of avarice in his eye, instead the responsible building contractor assumes the role of the advisor, a specialist in home construction which does not start, nor does it end with the mechanical aspect of his profession.

His close association with the building industry, the supply markets, the most thriving locations in a city and the most substantial mode's of homes, places him in a position to be of service to the prospective home builder as no one else can. And this service he offers willingly and without charge. But above all the most desirable trait in any profession is dependability. This applies particularly to the building contractor. The construction of a home is usually the realization of a lifetime. The placing of such a trust in a non-dependable builder not only shatters a life dream but often brings physical and financial ruin to the one who had planned so long and so well.

Corsicana is rich in its dependable building contractors. The thousands of modern and well built homes in the city today stand as a monument to their efforts. The happy and contented home owners of the city is a tribute to the service the contractor has rendered. Day in and day out he labors, braving the elements and fighting against the odds the greatness of which only those associated with the profession can visualize.

A number of new homes are under construction in Corsicana today and others will be started this summer. Some of them will be good, some of them bad.

But the responsibility of the construction of a home rests not entirely upon the contractor, nor the sub-contractor, but upon the prospective owner. It is he who often makes the first mistake, in the selection of a contractor.

Let dependability be the keynote in building and all building will be substantial. Let the prospective home owner select a responsible builder and "Home Sweet Home" will be realized in its truest sense.

ASSOCIATED PRESS NAMES DIRECTORS FOR ENSUING YEAR

NEW YORK, April 23.—(A)—The Associated Press has re-elected four of its directors whose terms have expired and chosen Frederick E. Murphy, of the Minneapolis Tribune, to fill the vacancy on the directorate created by the death of

H. V. Jones of the Minneapolis Journal.

Results of the election held at the annual meeting of the organization yesterday, were announced today. The directors re-elected were Frank B. Noyes, Washington Star; Adolph S. Ochs, New York Times; B. H. Anthony, New Bedford, (Mass.) Standard and Robert McLean, Philadelphia Bulletin.

The board of directors elected the following officers:

President, Mr. Noyes; first vice-president, Col. Robert Ewing, New Orleans States; second vice-president, John Cowles, Des Moines Register; secretary, Kent Cooper;

assistant secretary, Jackson S. Eliot; treasurer, J. R. Youatt.

The following were elected members of the executive committee: Messrs. Noyes, Ochs, McLean and Anthony; Clark Howell, Atlanta Constitution; E. H. Barker, Cleveland Plain Dealer, and E. Lansing Ray, St. Louis Globe Democrat.

A. P. I. AGREES ON PLAN FOR HALTING OVERPRODUCTION

DIRECTORS AGREED TO CO- OPERATE WITH FEDERAL CONSERVATIVE BOARD

NEW YORK, April 25.—(AP)—The American Petroleum Institute today was in agreement with the federal oil conservation board in its plan for an interstate compact to halt over-production.

The directors unanimously agreed to co-operate with the federal board in the study of its program and meanwhile hold in abeyance their own plan of limiting 1929 production to the 1928 level.

The federal board already has sent Dr. George Otis Smith, director of the geological survey, to interview the governors of three or four dominating oil producing states to learn their views on entering an interstate compact limiting production by controlling the drilling.

The institute was informed Governor Moody of Texas had promised Dr. Smith his co-operation and had said he would recommend any change in the present drilling laws of the state necessary to meet requirements of such an interstate pact.

The institute's own plan of limiting production, which was to have become effective April 1, was held up after a delegation from the institute had gone to Washington for a conference with the oil conservation board and had been informed Attorney General Mitchell had held the board without authority to approve or disapprove the plan or to relieve the industry from possible danger of prosecution under laws relating to restraint of trade.

El. B. Webster, president of the institute, said the institute was "just as strong for conservation as ever" and the decision of the directors was "the best we could reach under the circumstances." He said another meeting would be held May 28, when it was hoped some definite suggestion will have been received from the federal board.

High Island Well In.—DALLAS, April 25.—(AP)—The Cade No. 12 well in the High Island field between Beaumont and Galveston has been brought in by Marrs McLean, Beaumont oil man. The well, drilled to a depth of 3770 feet, was estimated good for 1000 barrels daily.

The Redmond et al's No. One Moore in the Dudley area of Western Calahan county has encountered oil in sand at 1333 feet. No estimate of production had been made. This is the first test made

in the district during the past year that oil has been discovered.

Four gas wells have been completed in the Laredo district during the past week. They are A. J. Kilgusman No. 1 Lopez, producing 50,000 cubic feet daily, the Humble No. 18 Kohler, good for 25,000,000 cubic feet daily, the Humble No. 21 Kohler, also a 25,000,000 cubic feet producer, and the Killam No. four Brun, estimated good for 35,000,000 cubic feet.

The Texas company's No. 39 Stevenson on the South side of the Humble field near Houston has come in from a depth of 5200 feet. The production was estimated at 5000 barrels of 41 gravity oil.

Merger Nears Completion—NEW YORK, April 25.—(AP)—Wall Street hears that the previously reported negotiations for a merger of the Standard Oil company of New York and the Vacuum Oil company have reached advanced stage. Officials of the two companies, however, declined to comment. Another report is that the South Penn Oil company might enter the consolidation.

SALE OF MEXICAN ORIENT LINES WAS CONFIRMED THURS.

TOPEKA, April 25.—(AP)—W. B. Storey, president of the Atchison, Topeka and Santa Fe Railway Co., today confirmed recent reports of sale of the railroad concern to dispose of its Orient line in Mexico.

Here for the annual Santa Fe stockholders' meeting, the railroad executive said the Santa Fe had contracted with interests in Mexico headed by B. F. Johnson, sugar magnate, for the sale of the Orient properties in Mexico. Terms of the contract were not disclosed.

The Santa Fe purchased the Orient lines of the United States and Mexico last year for \$17,000,000.

Mr. Morley said the Orient lines in this country would be extended from Alpine, Texas, to Presidio, Texas, and the lines in the two countries would operate under a traffic working arrangement.

ELSIE IS THREATENING—NEW YORK, April 25.—(AP)—The future of Elsie Janis is up to America. She contracted to write dialogue for the talkies. "I warn Americans," she said returning from Europe, "that if they don't help me to be a writer I am going to keep on the stage."

SPECIAL AIRMAIL PLANE WILL TAKE LETTERS SATURDAY

ANOTHER FEATURE FOR OPENING OF AIRPORT AS- SURED, IT IS ANNOUNCED

With assurance of a special air-mail plane making its first trip to Corsicana for a cargo of letters on Saturday, April 27th, as a feature of the airport opening, the chamber of commerce and Postmaster P. Mayer Thursday morning joined in urging that citizens of the county write their friends a word of greeting in celebration of Corsicana's aviation program.

The chamber of commerce has already received more than a thousand letters from points all over the United States, covering some 700 cities in about twenty-five states to be mailed out Saturday, and it is hoped that a great number of letters will be sent out by Corsicana citizens to supplement the mail load of the special United States post office contract plane.

According to information received by Postmaster Mayer, Bruce Luna, assistant postmaster of Dallas, will accompany this pioneer mail plane to Corsicana.

Special memorial stickers celebrating the opening of the airport, including autographs of Mayor R. L. Wheelock and Postmaster Mayer, will be affixed to these letters after they are brought to the chamber of commerce prior to being mailed. Air mail letters, of course, will be received at the post office in the regular way but the memorial cachets will be affixed only to the letters received prior to official mailing at the chamber of commerce.

Special airmail stamps or airmail envelopes with embossed stamps may be obtained at the local post office. The envelopes themselves, either in plain of air mail style or of the special Corsicana aviation committee printed may be obtained free of charge at the chamber of commerce, and air mail stamps for such envelopes obtained at the

local post office. It is urged that these letters be written as soon as possible since no air mail memorial stickers will be available after Friday night.

Citizens wishing to include postal card view of the city or a brief write up of the town may obtain these from the chamber of commerce.

An indication of the volume of outside air mail received for the special plane may be seen in the display window of E. H. & A. Davis, where the airmail is being worked by Miss Fama Crowther each afternoon from 3:30 to 4:30 o'clock.

HIGHWAY CONTRACT LETTINGS REACH BIG SUM IN TWO DAYS

AUSTIN, April 25.—(AP)—Highway construction lettings yesterday brought the total expenditure authorized for the two-day regular session to \$3,724,939, to be distributed over 26 counties. Contracts awarded yesterday totaled \$2,201,579 and the day before they amounted to \$1,523,360.

Counties and highways included in yesterday's batch of lettings were as follows: Archer, Highway 30; Cottle, Highways 4 and 28; Montgomery, Highway 19; Jones, Highways 30 and 4; Dallas, Highway 15; Hall, Highway 5; Galveston, Highway 6-A; Uvalde, Highway 55; Childress, Highway 4; Austin, Highway 73-A; Hardin and Jasper, Highway 9; Dimmitt, Highway 85; Harris, Highway 6; Foard, Highway 28.

LINDBERGH COMES TO LIFE—NEW YORK, April 25.—(AP)—Lindbergh benedict intends to soar just the same as Lindbergh bachelor. "If a pilot has been properly trained," said the colonel, "he is just as good when he is old as when he was young." Also an aviator can fly as long as he can drive an automobile.

LOCAL CITIZENS TO VIEW CORSICANA BY PLANE ON SATURDAY

SPECIAL PARTY WILL TAKE INITIAL RIDE IN BIG TRI- MOTORED PLANE

As one of the preliminary features of the formal dedication of the municipal airport officials of the city, chamber of commerce and members of the aviation committee will see Corsicana from the air in the big tri-motored Ford plane Saturday morning about 9:30 a. m.

Arrangements for this official sight seeing tour of the group were made Wednesday by Chairman W. C. Stroube.

The Corsicana group will meet at the chamber of commerce at 8:40 and go to the airport to meet the big Southwest Air Express plane that arrives from Dallas at 9 a. m., with a party of Dallas officials aboard. After extending felicitations to the visitors the Ford plane will be turned over for the use of the Corsicana delegation.

Included in the Corsicana group will be Mayor R. L. Wheelock, Commissioners W. P. Brown, Linton Tatum and R. D. Fleming of the city government; President C. L. Jester of the chamber of commerce; Postmaster P. Mayer, former Mayor J. S. Murchison, O. M. Boynton, W. H. Hastings, A. G. Elliott, R. J. Jackson, Lynn Wortham, W. P. McCammon, G. C. Hudson, J. N. Cerf, J. E. Butler, J. N. Edens, W. C. Stroube and W. Roy Christian.

This group is particularly urged by Chairman Stroube to be present at the chamber of commerce promptly at 8:40 Saturday morning.

Man Is Given Another Dig At Chicago Meet

CHICAGO, April 25.—(AP)—The painful (from a masculine standpoint) picture of the husband sitting at home rocking the baby and the wife earning the family livelihood by the sweat of her carefully powdered brow is presented at the convention of the Midwest Society of Physical Education.

Speakers pointed out that woman is the athletic member of the modern family while the men, eschewing vigorous exercise, are steadily becoming enfeebled, anemic, sallow and a lot of other pathetic adjectives as they sit in their offices.

The practice of wife beating, unless the trend is corrected, may entirely disappear, the educators suggested, because man in time won't be man enough to exercise any cave man prerogatives.

E. C. DeLaporte, retiring president, was about the only speaker to give men a break. He said the boy of today may grow to be a better man than his dad. He based this on the prospect of the five-hour and the five-day week which would enable boys to improve themselves physically and mentally.

GERTIE QUITE A DIANA—NEW YORK, April 25.—(AP)—Miss Gertrude Sanford, 27, sister of Laddie Sanford, polo player, is quite a Diana. News has come that she and two men have bagged 13 specimens of Nyala, rare Abyssinian antelope, also lions, oribi, klipspringer, lammergeyer and various other things.

CONFIDENCE MAN IS SENTENCED BY JURY EIGHT WOMEN

PATTERSON, April 25.—(AP)—"Dapper Don" Collins, debonaire confidence man, faced a three-year prison term today despite his good looks and the presence of eight women on the jury.

A 22-year-old school teacher, foreman of the jury, pronounced him guilty of conspiracy to swindle.

Thomas Weber, Egg Harbor City fruit grower out of \$30,000.

"His good looks swayed us north or one way or the other," Miss Letitia Willett, the foreman, said after the trial.

Collins, immaculately dressed and possessing a jaunty air, was his own attorney and principal witness. He denied he was a confidence man and said his occupation was that of "commission salesman," selling liquor, "for anything you want," rye, Scotch, Canadian, etc., cordials.

CHEVROLET
better than 20 miles
to the Gallon!

EVERYONE who drives The Outstanding Chevrolet of Chevrolet History is amazed to learn that it offers fuel-economy of better than 20 miles to the gallon!

Such economy of operation would be unusual in any automobile. But in the new Chevrolet Six it is almost phenomenal. For here it is combined with all the superiorities of six-cylinder performance—tremendous reserve power, thrilling speed, flashing acceleration and marvelous six-cylinder smoothness.

This remarkable operating efficiency has been achieved as a result of the greatest group of basic engineering advancements that Chevrolet has ever announced—such as, non-detonating high-compression cylinder head, hot spot manifold, automatic acceleration pump and semi-automatic spark control.

Come in and get a demonstration. Learn by actual experience what masterly performance you can now enjoy—with fuel-economy of better than 20 miles to the gallon!

COURT HOUSE HAPPENINGS

District Court.
The case of L. J. Shaw vs. Corsicana National bank, et al., debt, started in the Thirteenth Judicial district court Tuesday morning. The grand jury which has been in recess for several days in scheduled to reconvene and resume its work Wednesday morning.

District Clerk's Office.
The following case was filed: Elmer Skinner vs. Olen Skinner, divorce.

County Attorney's Office.
County Attorney H. B. Daviss will go to Austin Wednesday to contest the granting of extradition papers on G. R. Benefield of Corsicana, wanted in North Carolina to serve about four years of a five-year sentence in that state for alleged larceny and forgery. Judge Daviss will appear before Governor Moody and seek to have the granting of the extradition papers denied at this time as the defendant is charged with two felony indictments for the alleged violation of the prohibition laws and Judge Davis takes the position that Benefield should be dealt with for the alleged violations of the laws of Texas before being returned to North Carolina. The defendant is still in jail in Corsicana.

Benefield was recently arrested in Ennis by Sheriff Rufus Pevehouse after his bonds had been forfeited in the district court here when the cases were called for trial. He later made bond in the sum of \$1000 in the two cases and was turned over to Chief of Police Will S. Knight who was in touch with the North Carolina authorities. A North Carolina penitentiary agent came here for Benefield but had not secured the honoring of the extradition papers by Governor Moody. A habeas corpus proceedings was instituted by attorneys for Benefield but the final hearing

on the application has not been held.

Sheriff's Office.
A Dodge coupe belonging to J. V. Valentine of Palestine was recovered by Deputy Sheriff Bradley Monday evening just north of Corsicana and Monday afternoon the car was returned undamaged to the owner. The car was stolen in Palestine at an early hour Monday morning and the owner had not missed his car until he was advised by Palestine officers who were notified by the local sheriff's office.

Justice Court.
One charge of drunkenness was sent to the county farm Tuesday by Judge S. E. Jordan.
J. W. Brooks was bound over to the county court Monday on bond in the sum of \$500 on a complaint filed in Judge Jordan's court for alleged swindling. The complaint alleges that the accused man represented himself as being an agent

of the Homestead Life association of Dallas.

One charged with gaming made bond in Judge Jordan's court Monday afternoon.

Four pleas of guilty for gaming were received Monday afternoon in Judge Jordan's court.

One was fined for disturbing the peace in Judge W. W. Clopton's court Monday afternoon.

FIREMAN LOSES LIFE.
LOUISVILLE, Ky., April 24.—(AP)—One fireman lost his life and thirteen of his fellows were overcome by smoke and otherwise injured fighting a \$75,000 fire that swept a four-story building occupied by a shoe store last night.

TWO BURNED TO DEATH.
NICHOLASVILLE, Ky., April 24.—(AP)—Dr. John Thomas Welch, 70, former state senator, and Katherine Wolf, 12, daughter of Mr. and Mrs. William Wolf, lost their lives in a fire that destroyed the physician's home today.

Two Men Face Murder Charge Sherman Court
SHERMAN, April 24.—(AP)—Dennis M. Dixon and Robert Mason, indicted here on charges of murdering W. L. Echols, night watchman of Van Alstyne, will be tried here during the week beginning May 6, it was announced today.

Agreement to try the men here was reached by J. P. Cox, district attorney here, and E. E. Early, district attorney at Coleman.

Mason and Dixon also face murder charges at Coleman for the death of a filling station operator a few days after the Van Alstyne killing. The attorneys agreed this trial probably would proceed the week of May 13 at Coleman.

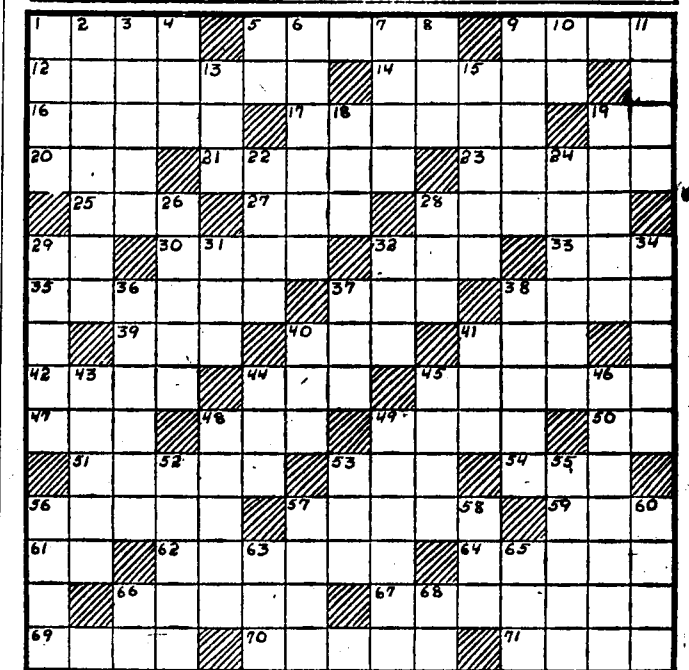

Officers left here today for Abilene, where Mason and Dixon were in jail, to bring them to Sherman.

Two Men Face Murder Charge Sherman Court

SHERMAN, April 24.—(AP)—Dennis M. Dixon and Robert Mason, indicted here on charges of murdering W. L. Echols, night watchman of Van Alstyne, will be tried here during the week beginning May 6, it was announced today.

DEPRESSION IN STOCKS.
BUDAPEST, April 24.—(AP)—The Budapest stock exchange yesterday experienced one of its worst depressions, some of the stocks dropping more than 30 points.

SEVEN KILLED AND SCORE INJURED IN PALESTINE STORM

(Continued From Page 1)
Cash donations were received from all parts of the county. A mass meeting at Elkhart raised \$1,000 in an hour. A similar sum was raised here today, and soliciting donations continued through the day with a goal of \$3,000 set.

Nineteen of the injured remained in Palestine hospitals at noon today, and several were in a critical condition. Two were well enough to leave the hospital.

A thorough check of the storm swept area revealed no more bodies, and the death list remained unchanged.

Seven Communities In Texas Damaged

PALESTINE, April 25.—(AP)—Seven Texas communities were hit by two tornadoes yesterday causing seven deaths, injuring 25 persons and causing property damage estimated at \$500,000. Several hundred were left without homes.

Slocum, 18 miles southeast of Palestine, was the heaviest sufferer, with seven dead and 21 injured. Considerable property damage was reported from Benson Springs to which place the Slocum tornado jumped.

The James, Antioch, Henrietta, Cotton Ford and Jackson communities, a few miles from Center, Texas, were swept by another twister that injured two white women, a white man and a negro woman.

The Red Cross of Center was in charge of relief work today in the five communities near it, caring for the 125 homeless, most of whom were poor tenant farmers with nothing save the clothing they wore. This storm was a mile and a half wide and swept a path nine miles long.

Calls for relief from Palestine and Center to the Dallas Red Cross were answered by J. H. Newett being rushed to the storm area to rush a survey of immediate needs. Newett is a storm relief worker of the United States war veterans bureau in Dallas.

While most of the residents of Slocum, a town of 200 population, near Palestine, were at luncheon tables, a fury of wind descended, roared down a path three miles wide and took seven lives. Two of those killed were terrified school children, who, together with many companions, ran from the play grounds into the school house, which was smashed.

No fatality occurred at Benson Springs, where the storm struck again, nor at the James community, near the Louisiana state line, pounded by a second howling storm. Five residences, a gin and a store were destroyed at Benson Springs, and at James 75 persons were left without shelter, their homes splintered. Reports that a woman was injured were not confirmed.

The dead are:
P. E. McDANIELS, about 60.
MRS. P. E. McDANIELS, about 60.
MRS. BEN KIRKWOOD, 30, and her two sons, 4 and 7.
MRS. EDNA GATLIN, 30.
CLAUDE McIVER, about 9.

The injured, several of whom were expected to die, are:
Bud Gatlin, and his small son, Harry; Elvie Dunham, Henry Kirkwood, 58; I. E. McIVER, Ben Kirkwood; Nellie Tucker, 10; Nolan Dickey, Eunice Miller, Emma Bettill, Jack Vickery, J. W. Vickery, Charles E. Turner, Lloyd Taylor, James Vickery, Wynne McDaniel, Raymond R. Jones, Maudie Kirkwood, J. C. McIVER, Carl Kirkwood, Mrs. Bill Andrews, Mrs. A. Shilling, Ashton Wilson, and a negro woman.

Ambulances from towns near Slocum rushed there, attendants finding a long strip two miles wide littered with the carcasses of stock. In a seven-minute assault the tornado caused damage estimated at \$250,000.

O. H. David, Slocum postmaster, said the crash of falling buildings was the first notice of the catastrophe.

Tales of narrow escapes were told today.

A little boy named Parker told of being whirled into the air, carried about a mile and set down gently in a cotton patch. He was not injured.

Sightseers were excluded from the storm area this morning and relief workers and residents were the only ones admitted. This measure was taken to facilitate relief work.

Arrangements for funerals progressed, and it was said some of the dead would be buried late today.

One Seriously Hurt In Center Tornado

CENTER, Texas, April 25.—(AP)—Four persons were injured, a seriously, approximately 125 are homeless and damage estimated at \$100,000 was caused by a tornado which struck the James community, four miles northwest of Center yesterday.

Mrs. Bill Andrews, of James, was injured when her home was demolished. Scores of other persons had miscellaneous escapes when their homes were splintered. Twenty-one homes were destroyed.

The home of Dennis Schilling was destroyed. Schilling and his family and a guest were in the house when the storm struck. Hardly two planks of the structure were left together, but no one was hurt. A similar instance occurred when the storm struck the home of a negro tenant on Oscar Lane's farm.

The storm tore a path along the Center-Joaquin highway, cluttering up the road with trees and other debris. Wire fences were torn down, and huge trees were uprooted.

The James school was demolished but was unoccupied when the storm struck. Immediately after the storm rescue parties went to the scene from Center, and today all of the homeless were well cared for. Center citizens stated no outside assistance would be asked.

Tornadoes, Rain, Snow, Hail Raked Nebraska

OMAHA, Neb., April 25.—(AP)—Tornadoes, rain, snow, hail and sleet raked Nebraska yesterday, causing heavy property damage and injuring at least two persons.

While two tornadoes struck in eastern Nebraska, the western section of the state was swept by snow and rain. In some sections cloudbursts occurred, and at least Sunday afternoons.

Large Flock of Sea Gulls Pass Over Corsicana

A flock of sea gulls, numbering approximately 1,000, according to early morning observers, passed over Corsicana, flying in a northwesterly direction, about 6 a. m. Thursday.

The gulls were said to be traveling at a rapid rate of speed at an altitude of about 50 feet, making a fairly close inspection possible.

Corsicana is about 250 miles from the Gulf of Mexico.

Two towns suffered from flood waters.

A tornado cut a path 14 miles long through the farming community between Yussess and David City, doing thousands of dollars worth of property damage. Hesse Howe, a farmer, was slightly injured when struck by flying debris.

Another tornado of lesser intensity wrecked several farm buildings in the vicinity of Papillion and Ashland, between Omaha and Lincoln. Charles R. Sprague, a farmer, suffered slight injuries when his automobile was hurled into a ditch.

A terrific hail storm preceded the tornado in the vicinity of David City. Hail stones ruined the tops of scores of automobiles, broke windows and damaged the wheat crop.

Schools at Seward were dismissed at 3 p. m. when telephone officials warned of an approaching tornado.

The town of Cambridge was partly flooded by waters from Medicine Creek, which were on the worst rampage in years.

Within an hour after the flood waters reached Cambridge, the town was surrounded by water, and the city park was flooded to a depth of several feet.

Wyoming Experiences Its Worst Blizzard

CHEYENNE, Wyo., April 25.—(AP)—Loss of life and tremendous damage to livestock and other property was feared today following the worst blizzard in years in the history of Wyoming which had isolated this city for nearly 24 hours and paralyzed transportation.

Telegraph and telephone wires were down in every direction. Cheyenne and communication with the outside, even by radio, was cut off last night when the electrical power was turned off to prevent casualties from contact with live wires on the ground and house tops.

Train service, except on local short lines, was at a standstill, and all highways were blocked. Even travel in the downtown streets here was almost impossible.

Throughout yesterday men fought their way to Cheyenne through huge snowdrifts to obtain clothing and food for their wives and children suffering in automobiles stalled near the city.

The storm, general over the Rocky Mountain region, but not as severe in other states, struck Wyoming at the height of the lambing season, and a heavy loss of lambs and calves was believed certain by stockmen who compared the blizzard with that in May, 1927.

From several points in Colorado came reports of streams nearing flood stage from the heavy precipitation, and near Craig, Colo., the Yampa river was carrying out bridges and endangering a Texas Oil company refinery.

Western Nebraska, near the Colorado and Wyoming line, was hit by tornadoes, and snow and wind swept over the section.

The Scotts Bluff Herald, the only daily paper in Western Nebraska, received its news reports from the Associated Press over the air from Radio Station KOA of the General Electric Company at Denver, supplemented by brief dispatches over a single telegraph wire that functioned into the town.

Storm Warnings Issued Thursday

WASHINGTON, April 25.—(AP)—The weather bureau issued the following storm warning:

"Advisory southwest warnings ordered 8:30 a. m. Cape Hatteras to Eastport, Maine, storm over Central Illinois will cause strong southwest winds and gales with rain next 24 hours."

AMERICAN WAR ACE WILL BE GUEST OF HONOR IN CORSICANA

(Continued From Page 1)
Express will arrive about 9 o'clock Saturday morning with a group of Dallas business men and air enthusiasts. The party will be greeted by a special reception committee headed by Mayor R. L. Wheeler, and including representatives from the aviation committee, chamber of commerce, the city commission and others.

Shortly afterward, members of the city commission, Mayor Wheeler, and representatives of various civic organizations will be taken aloft in the big plane for an inspection of Texas' latest airport from the air.

Arrangements have been completed for the entertainment of the visiting flyers. Accommodations have been secured for their overnight stay. As soon as the pilots register at the field they will be taken in charge by the reception committee and furnished transportation to the city. A big reception, dinner and dance has been arranged for the visitors for Saturday night at the Corsicana country club.

Many Army Planes.
A total of twenty-two army planes will visit the opening of the Corsicana flying field from three Texas stations, and a reply is expected from the invitation extended the flyers at Fort Sill, Okla. The three Texas fields are Kelly and Brooks fields, San Antonio, and Fort Crockett at Galveston.

Practically everything had been completed Thursday for the grand opening of the port Saturday and Sunday, and with clear skies and a cool, brisk north wind, the officials in charge of the celebration are preparing to handle a record breaking crowd for Corsicana and Navarro county.

Captain Babcock, aerial stuntman and parachutist, is expected to arrive Friday afternoon. He will furnish one of the feature performances both Saturday and Sunday afternoons.

GOVERNOR LONG'S PARTY MANNERS IS SUBJECT OF PROBE

(Continued From Page 1)
woman who called on him "Come here, Huey," she said.

"He played with her hair," she said.

The governor left the studio because the party was over to direct the troop raid from his hotel suite.

BATON ROUGE, La., April 25.—(AP)—The Louisiana house of representatives today swung to the last lap of its impeachment investigation against Gov. Long and the debating and voting upon the remaining charges in the bill of impeachment was the order of the day.

H. A. (Battling) Bozeman, ex-prize fighter and former body guard of the governor, was the first witness called in connection with a charge the governor attempted to induce him to resign Representative J. Y. Sanders, Jr., of Baton Rouge, who was opposed to the governor's legislative program.

Was "Secret" Guard
He said his latest employment was with the Louisiana highway commission. He said prior to that the governor when inaugurated employed him as a "secret" body guard.

"Did the governor tell you just what your duties were?" he was asked.

"To watch out for him and if anyone jumped on him to pull them off."

While employed by the highway commission did you have any conversation with the governor about Mr. Sanders?"

"Yes sir, in the governor's office."

What was the substance of the conversation?"

Refused to Kill Man.
"The governor called Mr. Sanders some names I would not like to repeat in front of these ladies. It was vile and insulting language, curse words. He said, 'Battling Bozeman, I am the Kaiser of this state. When I crack my whip, whoever dares to disobey my orders, I fire him. Shut that door and sit down by me. I am going to call an extra session of the legislature, and Sanders is going to disappear all my measures. I have chosen you to do away with him. I said, 'What do you mean?' He said I mean for you to kill him and leave him in a ditch. I told him I would not do it. The governor had been drinking. He told me to go on back to New Orleans and think it over."

"About a week later I met him, and he said how about it. I said if I look like rain. He said, 'I shall with the weather; I mean about Sanders. I told him I have given him his answer. And he told me to remember what he said he did when anyone disobeyed his orders. Shortly after that he was fired from the highway commission."

FURTHER RISE IN MISSISSIPPI NEAR AS MANY HOMELESS

(Continued From Page 1)
all records as far back as 1851 for height and duration.

Water had entirely covered the South Quincy tract this morning and the recent residents were camped along the bluffs in tents furnished by the Red Cross or were staying with friends.

River on New Rampage.
ST. LOUIS, April 25.—(AP)—The Mississippi river, in the region between Louisiana and Cape Girardeau, Mo., was on a new rampage today as a result of heavy rains in Missouri and Iowa and the United States weather bureau warned that it would rise at St. Louis to within one foot of the crest during the disastrous flood of 1927.

Government observers said there would be much flooding of low lands in the vicinity of St. Louis and along the lower Missouri in St. Louis and St. Charles counties.

LOCAL LIONS WILL VISIT HUBBARD FOR CHARTER PROGRAM

A number of the members of the Corsicana Lions club will go to Hubbard Thursday night to attend the Charter Night program of the newly organized Hubbard Lions club when the charter will be formally presented by John Barhard, Dallas, president of Texas Lions.

The delegation will also be on hand for the Wash. Lion club.

The local Lions will meet at the chamber of commerce Thursday afternoon at 5:30 o'clock to leave for the Hill country town. The meeting at Hubbard is scheduled to begin at 7:30 o'clock.

Among those who are expected to go to Hubbard tonight are President O. M. Boynton, Secretary Wm. J. Rochelle, Rev. P. Martin Baker, R. A. Caldwell, Boyce Martin, Gabe Goldberg, W. S. Knight, E. D. McCarver and others.

TWO MORE BOMBS ARE EXPLODED IN CHICAGO DISTRICT

CHICAGO, April 25.—(AP)—Two bombs, one of which drove 30 families to the street and injured one person, exploded during the night.

The first explosion was in a vacant building on the near north-west side and may have been caused by labor troubles.

The second was tossed from an automobile at the Alyce apartment hotel. It exploded beneath the apartment, in which Elmer Sweeney, packing company worker was asleep. He was cut by flying glass.

Police could ascertain no motive for the bomb attack.

Big Company May Establish Milk Station at Mexico

MEXIA, April 25.—(AP).—Dr. C. D. Pearce and E. E. Waters of the Borden Milk Company, have offered the Mexia chamber of commerce a tentative plan whereby a cooling station for whole milk will be operated by the Waco concern in Mexia. The local people are to furnish the building until production reached 15,000 pounds of milk daily.

This agreement is subject to approval of higher officials of the Borden company, since a decision had been made not to open any more sub-stations at this time. If the agreement does not go through, the local chamber of commerce will begin construction of a local creamery to handle production in this district.

BIG PLANE TAKES FOUR CORSICANANS DALLAS THURSDAY

With four local passengers aboard, the Stinson-Detrolter plane piloted by Lieut. Henry Tomeray, took off from Corsicana Municipal airport for Dallas Thursday morning at 9 o'clock.

In spite of the recent heavy rains the condition of the field was favorable and an easy take off was made.

In the closed plane in addition to Pilot Tomeray, were Garland Rhoads, Sam Guerin, Arthur Levi, and Mr. Woodruff. The passengers were making a business trip to Dallas, returning by rail. Lieut. Tomeray is spending two days in Dallas equipping his plane with special lighting effects for night flying to be used Friday and Saturday nights.

FAST AGE IN CONVERSATION
NEW YORK, April 25.—(AP)—On everyday speech is becoming slangy and brief because of our mechanized age. So Professor George Pierce Baker of Yale told the American Academy of Arts and Letters. The influence of all our time-saving, distance-killing devices is evident in most of the conversation he overheard.
